# President May Spend Rest Of Year At His Farm Here And Retire At End Of Term

By ERNEST VACCARO  
DENVER (AP) — President Eisenhower continued to progress satisfactorily today as he cheerfully resigned himself to a long period of recovery and convalescence, which may keep him out of the White House the rest of the year.

"The President had a very good night's sleep of more than eight hours," a 7 a.m. MST medical bulletin said. "His condition continues to progress satisfactorily without complications."

The prospects he will retire at the end of his present term were heightened, however, by expert medical opinion that it is impossible to say now whether he will be "physically able" to run again.

While progress from his heart attack of Sept. 24 has been satisfactory, and his morale is high, he has agreed to a decision of his doctors to keep him at Fitzsimons Army Hospital for about another month.

**Reach Four Decisions**

These things became clear as the aftermath of a Sunday news conference at Lowry Air Force Base. Dr. Paul Dudley White, noted Boston heart specialist, speaking for himself and the President's bedside doctors, said:

1. The President will not fly to his farm at Gettysburg, Pa., for at least four weeks and maybe not until the end of five more weeks.
2. Eisenhower is not "100 per cent" out of danger and it is still "too early to say" whether he will have "a complete recovery," but he has passed the period when complications normally would occur.
3. He thinks it should be "close to the first of the year" before the President goes back to the White House.
4. The President is "happy" at the hospital and will need a bit of work—such as his conference next Tuesday with Secretary of State Dulles—to keep him from "bubbling over" and to "protect his heart from the effects of his overactive brain."

**Birthday Next Friday**

The President, who will observe his 65th birthday next Friday, met with Vice President Nixon yesterday for the second day in a row, and they set up a schedule for Cabinet members and other top executives to begin visiting Eisenhower.

The 42-year-old Nixon, one of the men frequently mentioned in speculation over possible GOP candidates if Eisenhower bows out, found the chief executive in a gay mood when he visited him with Sherman Adams, Eisenhower's chief deputy.

The President was decked out in a loud bow tie of red and white figures on a dark green background, clipped to the collar of his gold cord pajamas.

**Surprise For Mamie**

"The President said that he and his morning nurse had been planning that as a surprise for Mrs. Eisenhower for the last three days," Nixon told reporters.

Nixon said Mrs. Eisenhower told him later that she "practically rolled on the floor" when she saw the setup.

Nixon said the President showed a "vital interest" in national and international problems and specified "several subjects" he wanted to talk to Cabinet members about. He didn't name them.

And Nixon told a Saturday night news conference "there was no discussion of the future as far as political problems were concerned" in his private talk with the President earlier in the afternoon.

**"Will Not Run Again"**

Personal friends of Eisenhower say they expect him to have the biggest voice in the selection of his successor as GOP nominee. They have insisted from the time of his seizure that he will not run again.

The decision to keep the President at the hospital here instead of flying him to Gettysburg sooner was due to a number of factors, among them, the desire to avoid taking him to his plane on a stretcher.

"The President, I might add," Dr. White told the news conference, "accepted this program gracefully, and asked us not to rush his treatment—which we do not intend to do anyway."

**Opposes Being Carried**

"He does not wish to have to be carried onto the plane, even if by doing so he might get away from here earlier."

Maj. Gen. Howard M. Snyder, Eisenhower's personal physician, chimed in at one point to say it

## U.S. Is Prepared For Red Tricks

MIAMI, Fla. (AP)—Secretary of State Dulles said today the United States will go into this month's Big Four foreign ministers conference with two sets of plans: One to meet any Russian obnoxious Soviet harmony moves, and the other to exploit Dulles also said in a foreign policy address prepared for the 37th Annual convention of the American Legion:

1. World opinion eventually will force Russia to relax its grip on East Germany and to liberate satellite peoples in Eastern Europe.
  2. Soviet acceptance of President Eisenhower's plan for aerial inspection and exchange of military blueprints would provide the basis for further international disarmament controls.
- "We can then confidently move on to international measures to reduce and control the instruments of death," Dulles said.

## SAYS NEW WING AT HOSPITAL IS PUBLIC PROJECT

In a brief address at ground-breaking exercises this morning for a new wing at the Warner Hospital, Richard W. Livingston, New Oxford, president of the hospital board of directors, said:

"The ceremony of breaking ground for the first of the two new wings, that are required to provide the hospital service needed by Adams County and its environs, is significant in that the structure that will shortly rise here is a project of — by — and for the people of Adams County."

"It is an excellent example of the American tradition of people doing for themselves. The building that is being started today represents the unity of purpose, the humanitarianism and the community pride of the industries, the professions, the business, the churches, the charitable and fraternal organizations and the people of Adams County."

Hospital service in its highest sense is the greatest of all human endeavors. It is the objective of the board of directors, the medical and hospital staff, the Women's Auxiliary of the hospital and all other organizations and individuals serving the hospital, that the Annie M. Warner Hospital of Adams County will always be equipped and staffed to perform at that level. The community hospital is the pool of community resources and efforts to provide an essential, humanitarian facility to all who need it — regardless of race, color, creed or ability to pay.

"It is to this ideal that we again dedicate ourselves in breaking ground for this new structure today. We rededicate ourselves to the ideals of the founders of the hospital. We note that the facilities we have, and the service this institution has rendered to thousands upon thousands of our people in the past, has been due to the unselfishness and the willingness of others who, over the years, have given generously and with love of their community and their fellowmen."

"To them, too numerous to mention individually, we — by this ceremony — acknowledge our great debt — not alone for the structures they built and the services they directed, but also for the inspiring ideals of community service they left us. These we accept as a trust and we address ourselves with humility to the task of continuing the work they so well started."

The Gettysburg firemen and fire police are asked to report to the engine house on E. Middle St. at 7 o'clock tonight to participate in the program.

Fire trucks from throughout the county will drive into Lincoln Square shortly before the start of the program. Firemen said it is hoped that the entire square can be filled with fire equipment as a visual demonstration of the fire fighting ability of the county.

Burgess William G. Weaver will be master of ceremonies.

The program will open with a concert by the Gettysburg Junior High School Band.

Among the speakers will be Judge W. C. Sheely, Adams County Fire Marshal John Murren and Gettysburg Fire Chief Donald W. McSherry.

To permit firemen to participate, the regular meeting of the Adams County Firemen's Association, scheduled for this evening at Irish-town, will not begin until 9 o'clock. WGET will broadcast the program.

## C. E. OFFICERS ARE INSTALLED ON SATURDAY

New officers of the Adams County Christian Endeavor were installed Saturday evening at the annual banquet for members of the Fellowship group and officers and members of Christian Endeavor Societies held at the Arendtsville Lutheran Church.

Paul Hurley, Elliptsburg, a former state president, installed the officers: Mervin K. Myers, Littlestown R. 2, president; Charles L. Lott, Gettysburg R. 2, vice president; Charolyn F. Grotz, Littlestown R. 2, recording secretary; Nancy V. Trump, Littlestown R. 1, corresponding secretary; James C. Behney, York Springs R. 2, treasurer; Rev. G. Howard Koons, Littlestown, pastor counselor; Sara E. Mehrling, Gettysburg R. 2, publicity; John H. Plank, Gettysburg R. 1, missionary department director; Shirley A. Gerick, Littlestown R.D. C. E. World and Youth Today superintendent; Myrtle Raffensperger, Biglerville R. 2, Fellowship superintendent.

**C. L. Lott Is Toastmaster**

Vice President Lott served as toastmaster. Robert Shaull, pastor of the Arendtsville Lutheran Church, offered prayer. Mrs. Kenneth Lawver, Biglerville, was song leader and Mrs. Luther Myers, Littlestown, pianist.

Miss Jean Thomas conducted a quiz program. Miss Myrtle Raffensperger, Biglerville, was in charge of the banquet. Former county C. E. presidents introduced included: Dean Stover, Littlestown; John H. Plank, Gettysburg R. 1; Jean Thomas, Biglerville; Kenneth Beam, Goodyear; Mrs. Luther Myers, Littlestown; Charles Lott and Sara Mehrling.

Mr. Hurley, in addition to installing the new officers, also was in charge of a conference period for young people. Earl Israel, State Fellowship chairman, Allentown, spoke to the Fellowship group.

Participating in the closing devotions were Shirley Gerick, John H. Plank, retiring President Mervin K. Myers, Littlestown R. 2; Mrs. Lawver, Rev. Roger Burtner, pastor of Mt. Carmel EUB Church, and Mr. Hurley, who presented the closing meditation.

**PROGRAM HERE THIS EVENING**

Firemen from 23 county communities are expected to be represented at a Fire Prevention Week program and demonstration in Lincoln Square this evening at 7:30 o'clock.

Fire trucks from throughout the county will drive into Lincoln Square shortly before the start of the program. Firemen said it is hoped that the entire square can be filled with fire equipment as a visual demonstration of the fire fighting ability of the county.

Burgess William G. Weaver will be master of ceremonies.

The program will open with a concert by the Gettysburg Junior High School Band.

Among the speakers will be Judge W. C. Sheely, Adams County Fire Marshal John Murren and Gettysburg Fire Chief Donald W. McSherry.

To permit firemen to participate, the regular meeting of the Adams County Firemen's Association, scheduled for this evening at Irish-town, will not begin until 9 o'clock. WGET will broadcast the program.

**U.S. Will More Than Double Rocket Output In 3 Years**

By VERN HAUGLAND  
WASHINGTON (AP)—In the 18 months from July 1957 through December 1958 the United States will launch more than twice as many high-altitude rockets as it has fired in the past 10 years.

About \$1,700,000 has been budgeted for this effort, in addition to the 10 million dollars or so expected to be spent during the same period on the much more ambitious, but closely related, space satellite project.

The details of the U.S. rocket research program during the 1957-58 International Geophysical Year were discussed in a speech to the American Rocket Society here last week by Dr. Homer Newell, acting superintendent of the Atmosphere and Astral Physics Division of the Naval Research Laboratory.

Newell said that during the 1957-58 period the United States will

launch:

1. A dozen Aerobee rockets from White Sands, N.M., and another 33 from Fort Churchill on Hudson's Bay, just below the Arctic Circle

in Canada. More than 140 Aerobees have already been fired, to altitudes as high as 123 miles.

2. A number of Nike-Deacon combination rockets, also at Fort Churchill. The 25-foot-long Nike is the Army's standard anti-aircraft missile. Its power plant is attached to the Deacon rocket to give the latter added range.
3. Four dozen or more Deacon-Skyhook balloon combinations, off Greenland and northern Canada in the Arctic, a like number from ships in the Pacific off San Diego and another four to six dozen from ships on a track south from the Equator to the antarctic. The Skyhook balloon carries the Deacon to a height of many miles, from which the rocket is launched. The combination is called the Rockoon, and more than 30 of them have been launched, to as high as 60 miles.

Hundreds of Rockoons — three-inch rockets and other small types launched from jet aircraft at high altitude, in the Chincoteague, Va., area.

## Start Hospital Wing

John A. Hauser, president of the C. H. Musselman Company, Biglerville, and chairman of the building committee for the Warner Hospital addition, is shown turning ground for the wing at ground-breaking exercises this morning.

## Break Ground This Morning For Wing To Warner Hospital

Before a large audience including directors, officers and members of the Women's Auxiliary, members of the medical and hospital staffs and borough officials, headed by Burgess William G. Weaver, ground was broken this morning for the first of the two wings needed at the Annie M. Warner Hospital.

The silver server, used by Mrs. Warner at the laying of the cornerstone for the hospital and donated to the late William Arch McClean, was used by John H. Hauser, former president of the hospital and chairman of its new building committee, in the ground-breaking ceremony. The scoop was given to the hospital a few years ago by the Women's Auxiliary to whom it was presented by Mrs. Frances Topper, daughter of the late Mr. McClean, who was one of the prime movers in organizing the hospital.

The ceremony was opened with an invocation by Rev. Edw. E. Korte, president of the Gettysburg Ministerium.

Lauds Founders  
Richard W. Livingston, New Oxford, president of the hospital, described the new building as a project "of, by and for the people of Adams County."

Besides being "an example of the American tradition of people doing for themselves," the hospital president declared the new building represents the "unity of purpose, the humanitarianism and the community pride" of all interests of Adams County and its environs.

"The community hospital is the pool of community resources and efforts to provide an essential, humanitarian facility for all who need it—regardless of race, color or ability to pay," he declared in describing hospital work as the greatest of all human endeavors.

President Livingston said the facilities the hospital has and the service it has rendered to thousands of people, "has been due to the unselfishness and the willingness of others, who, over the years, have given generously and with love of their community and their fellowmen."

**Dedicated To Service**

Saying that all connected with the hospital dedicate themselves to the ideal of hospital service in its highest sense, President Livingston said "we dedicate ourselves also to the ideals of the founders."

"To them, too numerous to mention individually, we, by this ceremony, acknowledge our great debt, not alone for the structures they built and the services they directed, but also for the inspiring ideals of community service they left us. These we accept as a trust and we address ourselves with humility to the task of continuing the work they so well started."

Immediately following the ground breaking ceremony, the steam shovel of the contractor began excavation and work will be speeded to complete the first wing by June 1, 1956. The cost of the wing, which will house 32 patients in 4-bed semi-private rooms with bath, will be approximately \$210,000 including furnishings.

The second wing will be undertaken as soon as the funds are available.

Walter B. Dillon, administrator of the hospital, acted as master of ceremonies.

## AGED COUNTY RESIDENT DIES

Samuel Smeltzer, 71, who had resided with Mr. and Mrs. Harry E. Long, Crouse Park, Littlestown, for the last 30 years, died this morning at 6:10 o'clock at the Warner Hospital where he had been admitted Sunday.

A son of the late Christopher and Susan (Shuff) Smeltzer, he had retired as a foundry worker at the Littlestown Hardware and Foundry Co., four years ago.

A native of York County, he was a member of the Wrightsville Fire Co., and of the Eagles, Littlestown.

Funeral services will be held Wednesday afternoon at 2 o'clock from the Little Funeral Home, Littlestown, with the Rev. Dr. David S. Kammerer, pastor of St. Paul's Lutheran Church, officiating. Interment in Mt. Carmel Cemetery, Littlestown. Friends may call at the funeral home Tuesday evening.

**Birth Announcements**

Mr. and Mrs. Roland M. Wolfe, Washington, D. C., announce the birth of a son Saturday at the Sibley Hospital, Washington. This is their second son. Mrs. Wolfe is the daughter of Mr. and Mrs. Charles R. Wolfe, E. Lincoln Ave.

## Will Honor Those Born On Oct. 24, 1945

The United Nations Week committee is seeking the names of youngsters in Adams County who were born on October 24, 1945.

Tuesday evening the committee will meet at 8 o'clock at the Methodist Church to complete plans for the U.N. week program here marking the tenth anniversary of the founding of the United Nations.

The committee plans to honor those youngsters in the county who were born on the same day the United Nations was established. Parents of children born October 24, 1945, are asked to telephone Rev. Robert Knechel, Gettysburg 379-Y, by Tuesday evening.

## PROGRAM FOR MISSION HERE IS OUTLINED

The general program for the National Christian Teaching Mission to be held here November 3-10 was outlined by Rev. Victor K. Meredith, chairman, to more than 100 delegates from participating Protestant churches Sunday afternoon in the Methodist church.

Rev. Mr. Meredith announced that each morning of the Mission seminars of the local pastors, guest leaders, and students from the Lutheran Theological Seminary will be conducted. In the evenings, each church will conduct self-study programs under the direction of the pastors and guest leaders "in order to evaluate the evangelism program and potential of the church." The community-wide religious census will be conducted Sunday afternoon, November 6, and the follow-up will be made on Monday, November 7.

More than 300 volunteers from local Protestant churches and students from Gettysburg College and the Seminary will conduct the census in Gettysburg and a limited rural area. The calls will be made during one two-hour period, and each worker will visit approximately 10 homes. The census is under the direction of chairman, Herbert G. Hamme. This is the first time in seven years that a religious census on a community basis has been held in Gettysburg.

**Show Film Strips**

"Fellowship cultivation of persons in the community without church affiliation and program enlargement of the churches of the community to meet the needs of the entire population" were emphasized by Rev. Mr. Meredith in the follow-up to the religious census. This follow-up will be made on an individual church basis."

Two film strips dealing with the Mission work and purpose were shown. They may be rented by churches to be shown during the week of the Mission.

Kermit L. Lawton, executive secretary of the department of evangelism of the Pennsylvania Council of Churches, said "the Mission plan has religious background in the evangelism instructions of Christ to His disciples, and it is a practical business principle followed by the large and successful business of the country."

**Lauds Troop 88**

A moment of silence was observed at the Protestant Church service Sunday in respect to the memory of late Paul Grove, district commissioner. The service was directed by Carl Howells, a student at the Gettysburg Seminary, assisted by Merrill Kessler, scoutmaster of Troop 102, and Kenneth S. Whisler Jr., of Troop 116, both of Hanover.

Black Walnut District Commissioner Dr. Frank T. Watson paid tribute to Troop 88, Hampton, newest troop established in the district, which was present with 16 scouts and Scoutmaster Daniel Uffelman. The troop, Dr. Watson said, established a campsite complete with dug-in ice box, and a pit fire that "would have done credit to a troop that had been in operation for years." Troop 71, Biglerville, with eight boys and Scoutmaster Samuel Ehlman present, also "did an outstanding job of camping," Watson said.

**MRS. DAUGHERTY EXPIRES TODAY; ILL TEN DAYS**

Mrs. Ellen P. Daugherty, 64, 341 Baltimore St., widow of Edward J. Daugherty died this morning at 10:15 o'clock at the Warner Hospital where she was admitted 10 days ago after suffering a stroke.

She was a native of Adams County, a daughter of the late Edward Henry and Elizabeth (Sanders) Thomas, and resided in Gettysburg most of her life. Her husband died in April, 1948.

Mrs. Daugherty graduated from the Gettysburg Parochial School in 1910. A number of years she was a part-time employee of the Times and News Publishing Co.

The deceased was a member of St. Francis Xavier Catholic Church. (Continued On Page 2)

## Malcolm A. Miller, 37, Is Killed By Bull On Friday; Wife Keeps All-Night Vigil

Death came almost instantly about 9 o'clock Friday night, when an enraged bull smashed the skull of Malcolm Alexander Miller, 37-year-old Littlestown R. 1 farmer, while he was driving his herd of cattle into the barn on his Mount Joy Twp. farm.

Dr. C. G. Crist, Adams County coroner, said Miller suffered a crushed skull. An autopsy performed Saturday afternoon showed that the skull had been broken on a line extending nearly halfway around the head.

The accident led to a night of terror for Mrs. Miller, who was unable to attract assistance and unwilling to leave her husband's side while she believed he was alive.

Authorities were called about 11:30 o'clock Saturday morning when the grief-stricken father called a mortician to arrange for the funeral.

**Miller Is Butted To Death**

Dr. Crist said Mr. and Mrs. Miller had gone to the barn about 9 o'clock Friday night to complete the evening chores and put the cattle in the barn. One of the six cows had entered the barn from the barnyard when the bull suddenly attacked Miller.

While Mrs. Miller watched horror-stricken, the animal rushed the farmer. He tripped and fell and the 1,100-pound bull smashed at Miller's head, butting him with its head.

Mrs. Miller struck the animal with a tin pan. It moved away from its victim, and Mrs. Miller dragged her husband into the entryway in the barn, closed the door to prevent the bull from attacking her husband again, and then, using the pan, drove the bull back to a pen where she confined it.

**Back Badly Bruised**

Returning to her husband, Mrs. Miller thought he was still alive. Dr. Crist said. The coroner said the autopsy showed no exterior evidence, to an untrained eye, of the great fracture of the skull that had been inflicted by the shattering force of the bull's butting. A bruise on the back of the head, the only exterior marks on Miller's head to indicate that the brain had been shattered. His back was also badly bruised.

The farm is some distance from neighbors, Dr. Crist said, and there was no telephone. The nearest farm was that of Miller's father, Paul E. Miller, Littlestown R. 1, said by police to be "at least a quarter of a mile away across the fields."

**Died Early Saturday**

Mrs. Miller brought blankets to cover her husband. She told Dr. Crist she believed her husband died about 2:30 o'clock Saturday morning. The coroner said that would have been about the time that the body would have become cold and rigor mortis set in.

The widow continued her vigil until the milk collector arrived Saturday morning to pick up the milk from the Miller herd. He was the first person to reach the farm after the accident.

Dr. Crist said the milkman drove to another farm where he telephoned Miller's father. The elder Miller went to his son's farm and, after calling members of the family to care for his daughter-in-law, went to Littlestown to notify authorities and the undertaker.

**Funeral On Tuesday**

Mr. Miller was a son of Paul E. Miller, Littlestown R. 1, and the late Edna Wherley Miller. He was a member of Grace Lutheran Church, Two Taverns.

Surviving in addition to his father Edna Harman, two sisters and one brother, Mrs. Andrew Rudisill, Hanover; Mrs. George Gallion Jr., Owings Mills, Md.; and Glenn E. Miller, Norfolk, Va.

Funeral services Tuesday afternoon at 2 o'clock from the Little Funeral Home, Littlestown, with the Rev. Oscar E. Freeman officiating. Interment will be in Grace Church Cemetery.

Friends may call at the funeral home in Littlestown this evening.

**More Than 200 Scouts Attend Nature Course**

More than 200 Boy Scouts, Explorers and their leaders of the Conecago and Black Walnut districts attended the annual weekend Nature Course Saturday and Sunday at Camp Conecago, near Dicks' Dam.

The activities opened Saturday afternoon with registration in charge of James Keagy, assistant scoutmaster of Troop 105, Hanover. Participation ribbons were presented at a retreat ceremony Sunday afternoon by Charles L. Weaver, scoutmaster of Troop 82, Conecago Chapel, who served as camp director.

First honors in the nature scavenger hunt Saturday afternoon was won by Covered Wagon patrol of Troop 104, Hanover. The Ranger patrol of Troop 105, Hanover, was second and the Panther patrol of Troop 105 was third.

**Lauds Troop 88**

## Valet Declares Bodies Of Hitler And Eva Braun Were Burned Outside Air Shelter

By REINHOLD G. ENSZ  
BERLIN (AP)—A roaring gasoline blaze consumed the bodies of Adolf Hitler and his bride Eva Braun while about 10 men of Hitler's staff watched in the garden outside the Fuehrer's Berlin air raid shelter in 1945.

That was the story — bottled up by the Russians for 10 years — told as an eyewitness account by Heinz Linge, Hitler's valet, who returned over the weekend from a decade of captivity in the Soviet Union.

"Hitler shot himself, Eva Braun took poison," said Linge in an interview yesterday.

"I carried his body out of the bunker, and then helped pour gasoline over it. We watched it burn for about five minutes."

**Goes Into Seclusion**

The body of Eva, Hitler's mistress until he married her the day before the double suicide, was carried out from the underground boudoir and dumped on the grass in the Chancellery garden by Otto Guensche, an adjutant, while Soviet artillery shells were flying overhead, Linge said. Hitler's chauffeur had tried to carry out the body, but it was too heavy for him.

Linge's story was matched in part by another returning POW, SS Gen. Hans Baur, Hitler's personal pilot.

Baur told newsmen at Camp Friedland in West Germany he was in the bunker April 30, the day of the suicides.

"I went into Hitler's apartment in the bunker to get my last orders," he said. "Hitler said good-bye to me."

## ROBBED, BEATEN AFTER HELPING INJURED MAN

A brutal highway robbery and beating Saturday resulted in the arrest of a 46-year-old Yorker on one charge of robbery and possible other charges to be filed following a conference today between state police and the York County district attorney's office.

Jailed is Michael Joseph Cavanaugh who gives his address as York. He has a severe eye cut suffered in a one-car auto accident which apparently set off the chain of events leading to his arrest.

Cavanaugh is accused of beating and robbing Kenneth Diller, 36, of Abbotstown, after Diller had started to drive Cavanaugh to a hospital for treatment of the eye injury. Diller was at his home last night unable to talk because of facial injuries and shock.

**Left On Road**  
Police reported he had been beaten by fists, robbed of his wallet and car and left on a road partially stripped of his clothes.

State policeman Eugene Mihalik, in charge of the investigation, said Diller found the bleeding Cavanaugh walking towards York on the road from Abbotstown about 7 o'clock Saturday night.

Diller picked up the injured man and had started to drive him to a hospital in York when the attack began, Mihalik reported. According to Diller, Cavanaugh suddenly struck his face while they were driving. More blows followed and Cavanaugh, said, forced him to turn right in York-New Salem, and a short distance further to pull off the road and park.

Diller said Cavanaugh continued the beating there and then robbed him of his wallet. By this time Diller had been "dazed by the blows. He remembers Cavanaugh stripping off his trousers and then stealing the car, Mihalik said.

The auto later was found abandoned in West York.

**Deserts Passenger**  
Meanwhile Trooper Mihalik had been investigating the auto accident in which Cavanaugh was injured. The accident happened at 6:30 p.m. at the Abbotstown-Paradise Protective intersection. There Cavanaugh had deserted his passenger, Herbert Bowers, 26, of Hagerstown, who had suffered facial lacerations. Cavanaugh, his eye cut, simply left the scene and began walking toward York, Mihalik said. Shortly afterwards he was picked up by Diller.

Mihalik said Bowers was taken to West Side Osteopathic Hospital where he was admitted. Mihalik was questioning Bowers at the hospital when the injured Diller arrived with the story of the brutal beating.

Mihalik said he already knew Cavanaugh's identity and address, and he sent an alarm to York police to check Cavanaugh's home when Cavanaugh was apprehended.

Cavanaugh later was identified as the assailant and robber by Diller, Mihalik said.

Diller had made his way on foot to the home of Lavere A. Gladfield, York R. 7, who immediately drove him to West Side Hospital.

**Agrees To Treatment**  
Mihalik said that the city partment turned Cavanaugh over and that he was taken to West Side Hospital for treatment of the eye gash. Cavanaugh vehemently refused treatment Saturday night, Mihalik said, but after a night at county jail changed his mind and told Mihalik he was willing to have the eye dressed. The prisoner was taken to York Hospital for treatment Sunday morning.

Diller's wallet was found Sunday about 200 yards from where Cavanaugh allegedly left him. The money, approximately \$12, was still in it.

Herbert Bowers, the passenger deserted by Cavanaugh in the initial accident, was described as in satisfactory condition at West Side Hospital.

## President

(Continued from Page 1)  
is "almost an absolute probability" that Eisenhower will be flown to Gettysburg when he leaves here.

There the President likely will have "a month of rehabilitation" and light "recreation" in the process of returning to a "normal life," Dr. White said.

**Cets More Work**  
"Many patients return to work gradually in the third month, but some patients don't get back till the fourth month or the fifth month," he said.

As for the immediate future, the doctors unanimously endorsed a stepup in the President's schedule on handling government business and seeing officials.

His conference with Dulles, in which they will go over the agenda for the foreign ministers meeting in Geneva starting Oct. 27, will be limited to 15 minutes, but the President "is going to be allowed to express his opinions."

### DEFER MEETING HOUR

The meeting of the Honor Guard of the Albert J. Lentz Post of the American Legion scheduled for 8 o'clock this evening at the post home on Baltimore St. has been postponed until 9 o'clock tonight, at the same place, because of the firemen's program in Lincoln Square during the earlier part of the evening.

## FAKE CRY KILLS FOUR

CELAYA, Mex. (AP)—Somebody exploded four firecrackers in a local movie theater tonight and a cry of "Fire" rang out. Four persons were trampled to death as the panic-stricken audience rushed for the doors.

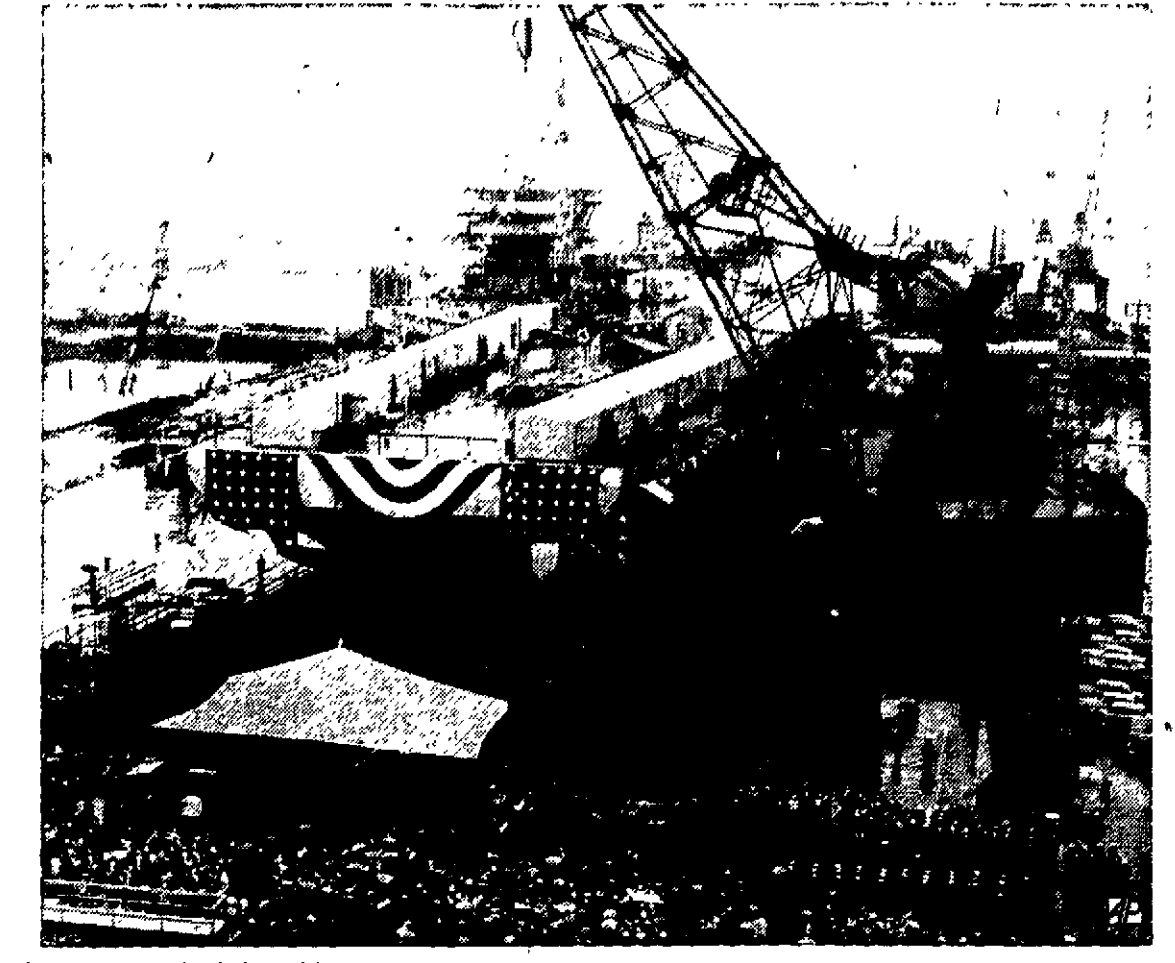

## NEED UNITY OF PEOPLE

NEW YORK (AP)—Sir Winston Churchill says the safety of the world depends on "the essential and fundamental unity of the English-speaking people."

This unity, he says, is "not at the expense of other countries, nor by the creation of elaborate machinery, but as the natural realization of a great truth."

Britain's wartime Prime Minister spoke by recording last night at the annual Freedom House dinner as the recipient of its 1955 Freedom Award for services to the cause of freedom.

## Prospects Good For Duck, Deer Hunters

HARRISBURG (AP)—The duck and bow-and-arrow deer seasons opened in Pennsylvania today with prospects good.

The 1955 waterfowl season will continue through Dec. 17 with hunting permitted every day, except Sunday.

The archery deer season will extend to Oct. 22 and is limited to some 17,000 bow and arrow hunters.

The Game Commission said some 50,000 hunters, with regular state hunting licenses, were qualified to participate in the waterfowl season by buying \$2 federal migratory bird-hunting stamps at post offices throughout the state.

by to me then, remarking that he would now take his own life since the military situation had become hopeless.

## Did Not See Bodies

Baur said he learned when he returned two hours later that the two had killed themselves, but he did not actually see the bodies. Linge and Baur may be summoned to testify before a Berchtesgaden court which is expected to rule this month whether Hitler is dead. He has never been declared legally dead.

The aides' stories were substantially the same as had been reconstructed by Western investigators years ago. But the West had to wait 10 years to get their accounts first hand.

Linge said the Russians brought him back to Berlin in 1946 to reconstruct for them exactly what happened in the bunker. He was closely questioned for many days after his capture in 1945, he said. But the Russians never gave out his story and allowed doubts over Hitler's fate to circulate.

## Secured Gasoline

The balding, six-foot Linge, now 43, said he personally procured 50 gallons of gasoline to burn the two bodies, but more were required. Other points in his account:

Also in the bunker was Propaganda Minister Joseph Goebbels and his wife and six children. Goebbels and his wife ended their lives with a pistol and the children were put to death by injections given by an SS doctor.

Being valet to Hitler was no picnic. The Fuehrer's nerves were bad and he needed frequent injections to steady himself. He began talking suicide 10 days before he shot himself.

Wolfe makes a business out of her art by weaving towels and luncheon sets made to order.

## "A Great Joy"

According to Miss Wolfe, "Weaving is great joy because it's so wonderfully uplifting. It's versatile, practical and useful because one can make fabrics which can be used for household articles or fabrics which can be utilized as clothing. Weaving helps to forget the unpleasant past because you're so full of self-satisfaction and possess a sense of accomplishment."

Mr. and Mrs. Edwin Shyrock, of Hanover, explained the various stages in creating ceramics. Starting with the molding of the clay, they developed the process by showing the completed object after it had been painted, glazed and baked. They demonstrated the qualities of the simplicity of design and symmetry in their own ceramics. Centertables and plaques were displayed decorated with roses, lilies and calla lilies. Especially noteworthy was a lamp base in the oriental manner, deer figurines done in a white satin mat glaze trimmed in gold, elephants done in a gray suede mat glaze with a black glaze and a green leaf dish, a rare majolica piece.

Artistic possibilities of china and tin were explained by Mrs. Harold Price, of Hanover. She showed the stages of tile painting, the baking and the final painting. She displayed the painting. Especially noteworthy was a large black serving tray painted with a floral and bird of paradise scene in the center. The tray was bordered with a bronze. The tray was bordered with a bronze, gold border.

Oriental jewelry of tin and reproductions of Pennsylvania antiques were among Mrs. Price's creative efforts to the exhibit.

## Missionaries To Present Program

Rev. Dr. and Mrs. Roy M. Dunkelberger, former missionaries in India, will present a program at the annual Thank-offering service in St. John's Lutheran Church next Sunday at 7:30 p.m. The service is being sponsored by the Alta Hummer Missionary Society. It will replace the union vesper service, sponsored by the Littlestown Ministerium.

Dr. Dunkelberger and his wife will appear in Indian costumes, will display skins of wild animals, and show colored slides of the country.

The first union vesper services of the season was held Sunday evening in Redeemer's Reformed Church. Rev. William A. Ellsworth Jr., pastor of St. James' Reformed Church, spoke on "What Think Ye Of The Christ?"

The scripture was read and prayer offered by the Rev. David S. Kammerer, pastor of St. Paul's Lutheran Church. The benediction was pronounced by the Rev. Mr. Ellsworth.

## WILL HOLD MART AGAIN TUESDAY

One last session of the midweek market, Tuesday morning, was promised Saturday by attendants at the Farmers Mart. Previously it had been announced that last Tuesday's session would be the last of the summer-month midweek markets. Normally only Saturday markets are conducted during the winter months.

The last peaches of the season were available Saturday at the usual price of 20 cents a quart box, 35 cents a half peck. Mush, a fall favorite, made its appearance at 30 cents a three pound pan. The price of eggs dropped five cents at the mart today, down to 60 cents a dozen for large.

Apples were 25 cents a quarter peck, 45 cents a half peck, \$1.50 a half bushel; stringless and corn peans, 15 and 20 cents a quart; lettuce and spinach, 15 cents a box; radishes five and ten cents a bunch; egg plants, 10 and 15 cents apiece; peppers two-for-five to five cents apiece; potatoes, 25 cents a quarter peck, 40 cents a half peck, \$1.25 a bushel.

Plums were 20 cents a box; pears, 30 cents a box; pumpkins, 15 to 25 cents a piece; rhubarb, 15 cents a bunch. English walnuts were \$1.20 a box. Shelled walnuts were \$1.20 a pound. Chrysanthemums were among flowers available.

# Senate Expected To Pass Appropriation Bills For School Districts Today

HARRISBURG (AP)—Senate machinery appeared well oiled today to ease the financial pinch of the commonwealth's school districts by the end of the week.

"We'll pass our own plan today," declared Sen. Mahany, Senate Republican floor leader. "We believe the Democratic bills are illegal but we'll pass them, too, and give the Democrats a choice."

Mahany referred to two sets of bills pending in the Republican-controlled Senate to provide \$16,711,000 in state aid to local school districts.

One, passed by the Democratic-controlled House, would charge the amount to the administration of former Republican Gov. Fine. The other, sponsored by Senate Republicans, would charge the total to the current administration of Gov. Leader.

**Money Due This Month**  
State aid, payments to local schools across the state are due this month but can't be paid until the Legislature appropriates the money.

Mahany, in a weekend statement, said Senate Republicans want to be sure school districts get their state aid.

General school aid deficiencies make up 10 million dollars of the total and the rest is the state's share of rentals for authority-financed school buildings.

At the same time, Mahany said the GOP will go ahead with plans to pass a \$21 million dollar appropriation for state aid for schools in the current biennium.

Sens. Seyler (D-York) and Hays (D-Centre) declared they would seek to add 43 millions to the bill when the Senate meets late today to finance an extra \$200 a year boost in teacher salaries.

## More Budget Hearings

But Mahany said he doubted the amendment would be introduced "in view of what the governor said about keeping the budget at an absolute minimum."

But even as the school aid situation temporarily overshadowed the tax impasse Mahany suggested another round of budget hearings into Leader's proposed \$1,800,000,000 budget.

Two sets of hearings, both under Democratic control already have been held, one by the House Appropriations Committee and the other by an unofficial group of Senate Democrats.

Under Mahany's proposal, a Republican-controlled Senate committee would hold the hearings on controversial items in the proposed budget. The GOP leader said compromise tax discussions with the governor have produced conflicting figures on some budget items thus making the hearings feasible.

## "Making Progress"

"We've been making progress but I think every senator ought to have the advantage of testimony by department officials and legislators whether they are members of the Appropriations Committee or not," Mahany declared.

Meanwhile, Sen. Barr, Democratic state chairman contended Sen. Duff, (R-Pa) "is responsible for the mess we are in today over taxes."

"Duff, as the imperious and hard-headed governor of Pennsylvania put the state on the road to the 'big red deficit' and the people are still paying the fiddler for the fancy tunes he called," Barr said in a statement.

Barr's comments were prompted by Duff's announcement last week that he would seek a second term as senator.

## House Meets Thursday

Although the Senate prepared a session for late today, the House won't return until Thursday.

At that time, the lower chamber may act on a plan to impose a tax on the amount Pennsylvanians pay in federal income taxes.

The measure is backed by Speaker Andrews who says the legality of the bill should be tested by the Supreme Court. The proposal has been attacked in some quarters as unconstitutional.

After two weeks of token sessions, the House is expected to have a full delegation on hand to act on Gov. Leader's road program.

TOKYO (AP)—U.S. Sen. Estes Kefauver said today he thought America's big Far Eastern aid program needs "reappraisal" in some countries, but is generally "well handled."

The Tennessee Democrat, nearing the end of a seven-nation Far Eastern tour, said the balance between economic and military funds should be examined in particular cases.

### Brownies Make Clothes

The Brownies of Troop 43 continued work on their current project of sewing doll clothes and aprons at their meeting on Friday afternoon. Work on the project will be carried on at home this week so that the aprons will be finished when the troop entertains the leaders and troop committee members on October 26.

Ann Kroh, president, presided at the meeting. One new member was received into the troop, Judy Brown. Plans were made to go on a hike and have a cook-out Saturday afternoon, leaving at 1 p.m. from the engine house. Each Brownie will take her own food.

Redeemer's Reformed Church was filled to capacity for the Sunday morning worship service, when the pastor, the Rev. Porter W. Seiwel, delivered a sermon on the subject "Beginning At Jerusalem." The Junior Choir sang the anthem "Lord, We Have Gathered In Thy Temple," Sykes, accompanied by Miss Barbara Swam. The service included a prayer for a little child. A rose bud was placed on the altar in honor of the infant son of S/Sgt. Allen T. and Marie (Basehor) Base, South Dakota.

During Sunday morning services at Redeemer's Reformed Church Gregg Richard Little, son of Mr. and Mrs. Richard A. Little Jr., was baptized. The parents were sponsors. Mr. Little was also received into church membership by letter of transfer from St. Paul's Lutheran Church.

## Prospects Good For Duck, Deer Hunters

HARRISBURG (AP)—The duck and bow-and-arrow deer seasons opened in Pennsylvania today with prospects good.

The 1955 waterfowl season will continue through Dec. 17 with hunting permitted every day, except Sunday.

The archery deer season will extend to Oct. 22 and is limited to some 17,000 bow and arrow hunters.

The Game Commission said some 50,000 hunters, with regular state hunting licenses, were qualified to participate in the waterfowl season by buying \$2 federal migratory bird-hunting stamps at post offices throughout the state.

by to me then, remarking that he would now take his own life since the military situation had become hopeless.

### Did Not See Bodies

Baur said he learned when he returned two hours later that the two had killed themselves, but he did not actually see the bodies. Linge and Baur may be summoned to testify before a Berchtesgaden court which is expected to rule this month whether Hitler is dead. He has never been declared legally dead.

The aides' stories were substantially the same as had been reconstructed by Western investigators years ago. But the West had to wait 10 years to get their accounts first hand.

Linge said the Russians brought him back to Berlin in 1946 to reconstruct for them exactly what happened in the bunker. He was closely questioned for many days after his capture in 1945, he said. But the Russians never gave out his story and allowed doubts over Hitler's fate to circulate.

**Secured Gasoline**  
The balding, six-foot Linge, now 43, said he personally procured 50 gallons of gasoline to burn the two bodies, but more were required. Other points in his account:

Also in the bunker was Propaganda Minister Joseph Goebbels and his wife and six children. Goebbels and his wife ended their lives with a pistol and the children were put to death by injections given by an SS doctor.

Being valet to Hitler was no picnic. The Fuehrer's nerves were bad and he needed frequent injections to steady himself. He began talking suicide 10 days before he shot himself.

ROBBED, BEATEN AFTER HELPING INJURED MAN

A brutal highway robbery and beating Saturday resulted in the arrest of a 45-year-old Yorker on one charge of robbery and possible other charges to be filed following a conference today between state police and the York County district attorney's office.

Jailed is Michael Joseph Cavanaugh who gives his address as York. He has a severe eye cut suffered in a one-car auto accident which apparently set off the chain of events leading to his arrest.

Cavanaugh is accused of beating and robbing Kenneth Diller, 36, of Abbotstown, after Diller had started to drive Cavanaugh to a hospital for treatment of the eye injury. Diller was at his home last night unable to talk because of facial injuries and shock.

**Left On Road**

Police reported he had been beaten by fists, robbed of his wallet and car and left on a road partially stripped of his clothes.

State policeman Eugene Mihalik in charge of the investigation, said Diller found the bleeding Cavanaugh walking towards York on the road from Abbotstown about 7 o'clock Saturday night.

Diller picked up the injured man and had started to drive him to a hospital in York when the attack began, Mihalik reported. According to Diller, Cavanaugh suddenly struck his face while they were driving. More blows followed and Cavanaugh, said, forced him to turn right in York-New Salem, and a short distance further to pull off the road and park.

Diller said Cavanaugh continued the beating there and then robbed him of his wallet. By this time Diller had been "dazed by the blows. He remembers Cavanaugh stripping off his trousers and then stealing the car, Mihalik said.

The auto later was found abandoned in West York.

**Deserts Passenger**

Meanwhile Trooper Mihalik had been investigating the auto accident in which Cavanaugh was injured. The accident happened at 6:30 p.m. at the Abbotstown-Paradise Protection intersection. There Cavanaugh had deserted his passenger, Herbert Bowers, 26, of Hagerstown, who had suffered facial lacerations. Cavanaugh, his eye cut, simply left the scene and began walking toward York, Mihalik said. Shortly afterwards he was picked up by Diller.

Mihalik said Bowers was taken to West Side Osteopathic Hospital where he was admitted. Mihalik was questioning Bowers at the hospital when the injured Diller arrived with the story of the brutal beating.

Mihalik said he already knew Cavanaugh's identity and address, and he sent an alarm to York police to check Cavanaugh's home when Cavanaugh was apprehended.

Cavanaugh later was identified as the assailant and robber by Diller, Mihalik said.

Diller had made his way on foot to the home of Lavere A. Gladfield, York R. 7, who immediately drove him to West Side Hospital.

**Agrees To Treatment**

Mihalik said that the city policemen turned Cavanaugh over and that he was taken to West Side Hospital for treatment of the eye gash. Cavanaugh vehemently refused treatment Saturday night, Mihalik said, but after a night at county jail changed his mind and told Mihalik he was willing to have the eye dressed. The prisoner was taken to York Hospital for treatment Sunday morning.

Diller's wallet was found Sunday about 200 yards from where Cavanaugh allegedly left him. The money, approximately \$12, was still in it.

Herbert Bowers, the passenger deserted by Cavanaugh in the initial accident, was described as in satisfactory condition at West Side Hospital.

Bernard Shriner Expires On Sunday

Bernard Shriner, 72, Lumber St., Littlestown, died Sunday at 5:16 a.m. in the Warner Hospital, where he was admitted as a patient last Tuesday. A son of the late John W. and Elizabeth Ann (Boyd) Shriner, he served as elder of the Walnut Grove Dunkard Brethren Church for a number of years. He was an employee of the Keystone Cabinet Company, Littlestown, for many years until his illness a week ago. His wife, the former Rose Mae Cusack, died in March of 1942.

The deceased is survived by one daughter, Mrs. Courtney Grebs, at home; one granddaughter, and two grandsons.

Funeral services will be conducted Tuesday morning at 10 o'clock from Little's Funeral Home, Littlestown, Elders David Ebling, Melvin Jacobs and Howard Surbey will officiate. Interment will be in the Mt. Carmel Cemetery, Littlestown.

Friends may call at the funeral home this evening.

**Files Action For 11-Year-Old Girl**

Thurman C. Inskip, Hampton, has started an action in trespass in the county courts, on behalf of his 11-year-old daughter, Sarah Leola Inskip, against Gail A. Waters, Sharon R. 2, for damages resulting from an auto accident near Hampton on the Cross Keys-York Springs Rd. June 7.

The complaint filed by Attorney John A. MacPhail, of the law firm of Swope, Brown and Swope, claims the Inskip child was a passenger in her mother's car when the auto operated by Gail Waters veered into the lane of the Inskip car and collided with it. The child suffered injuries in the crash.

Teachers' Association: The Adams County Teachers' Association met in the Methodist Episcopal Church in Gettysburg, on Tuesday, the 2d of October, at 10 o'clock, a.m., and was opened with prayer by the Rev. J. H. C. Dosh — D. Wills, Esq., County Superintendent, presiding. David Currens was appointed Secretary pro tempore, the Secretary being absent.

By order of the Executive Committee the subject of Orthography was taken up and discussed by Robert A. Lytle, followed by C. H. Austin, F. A. M'Dermid, David Currens, J. H. Eckenrode, Miss M. C. Thompson, Miss Lucinda Pickles, and others.

On Wednesday afternoon the Convention elected the following: David Wills, Esq., President; F. A. M'Dermid, Vice President; David Currens, Secretary. An Executive Committee of five was also elected. (Committee: C. H. Austin, R. A. Lytle, F. A. M'Dermid, H. E. M. Creary, M. A. McClellan.) On Thursday the subject of school discipline was discussed by Messrs. Dim, Austin, Nicks, Lytle, Allman, M'Dermid, Ulbrich and Stem.

A motion for the Treasurer to pay the sum of \$3.50 to the sexton was carried.

Resolved, That Female Teachers should receive the same compensation as Male Teachers for performing the same labor.

**East Berlin Items:** Rev. Andrew G. Deininger, for many years pastor of the Lutheran church in this section, died on Wednesday evening last. The funeral services took place on Friday morning, Dr. Brown of Gettysburg, Dr. Gottwald of York, Rev. P. S. Orwing of Abbottstown and Rev. Daniel Sell of this place occupying the pulpit.

Father Deininger was born in Beinsstein, near Waiblingen, in the kingdom of Wurtemberg, Oct. 3, 1794, and hence was nearly 86 years old. He emigrated to this country in early life after serving for three years during the war between the allied armies of Europe under Wellington and the French under Bonaparte.

He located in Centre County, Pa., and was married to Susan Phebe Brown. Five Lutheran ministers now preach on the territory covered by Father Deininger's first charge here.

## Today's Talk

## THE REWARDS OF MATURITY

Maturity is something that is earned, and paid for as it is earned. The mind is fed and the body developed not by remaining still and waiting for things to "just happen" but by action performed. The rewards of maturity are great for they are linked to every experience from youth to advanced age.

Among governments the "elder statesmen" are consulted and trusted because of their mature judgment and wide experience. They have learned the pitfalls and road-ends. Autobiographies are written at the closing years of one's life when there is much to tell and the life is well rounded out.

People listen to the honored and experienced. They listened to the merest statements that came from Edison while living. The elder Henry Ford once said: "I'm looking for a lot of men with an infinite capacity for not knowing what can't be done!" He went ahead with ideas that "those about him called 'crazy.' Time and again he proved 'impossible' things could be done!

Those who once reviled Herbert Hoover as President now listen to him because of his sound sense and matured wisdom. Few great men grew into greatness as soundly as did Abraham Lincoln. Nearly a hundred years have now passed since he was removed from all activity, yet today he is honored as never before — and we are guided by his wisdom. We look to the mature for mental and spiritual guidance.

One of the most inspiring poems ever written in Pennsylvania's "Ulysses," in which are these lines: "How dull it is to pause, to make an end, to rust unburnished, not to shine in use! As though to breathe were life!" People with that sort of spirit never die! They climb to the mountain tops — inspired by the maturity of others! Thus it is that we, too, earn maturity.

Tomorrow Mr. Adams will talk on the subject: "That Extra Something."

## PEOPLE

People like music and dancing and song;

People like gardens the whole summer long;

People have children and most of them show

To wonderful people they want them to grow.

To God and to country devoted are they.

People build churches in which they can pray.

People have habits; a few of them bad.

Women and men all some weakness have had.

Watch them go by; both the boastful and meek

Day after day there is something they seek.

Patient, impatient, serene or distressed,

People are eager to do what is best.

People are nations and cities and states.

They are the future that youth now awaits.

A few are dishonest; a few turn to sin.

But most of them true both without and within.

Sorrow brings heartache and tears to their eyes

Whether people be foolish or people be wise.

## Bellefonte PO Has Roof Holes Fixed

WASHINGTON (AP)—Rep. Van Zandt (R-Pa.) has come to the rescue of the Bellefonte, Pa., post office, which was having trouble with its roof.

There were holes in the roof so big, said Van Zandt after an inspection, that "the postmaster had to put buckets under them every time it rained."

The congressman said Friday he urged the General Services Administration to speed up the repair job and as a result bids will be obtained this month on fixing the roof.

were in error, and that they favor worthless paper trash.

Our farmers are now busy at gathering in their apples and making cider, and doing out work in general, so as to be ready for winter when it comes.

The Citizens' Band of New Oxford was out on Saturday evening last with their new bells, and played a number of good pieces. This band is improving very perceptibly, as all who hear them can testify.

Fairfield Items: Messrs. W. N. and McClean Nunnemaker have disposed of their farm in Liberty township, to Harry Rabier of Littlestown, the latter giving his hotel in said township and \$4,000 in money.

One day last week on a butter boiling at John C. Musselman's, the chimney took fire, and then the roof, and had it not been for the timely arrival of one of his neighbors, the house would have been consumed, as the wind was blowing a strong gale at the time.

## HARRIMAN IS NOT COMMITTED TO STEVENSON

NEW YORK (AP)—Gov. Averell Harriman says he has "no obligation" to support Adlai E. Stevenson for the Democratic presidential nomination next year, despite past statements in Stevenson's favor.

At the same time, he said he himself is not and has not been a candidate for the nomination. He commented, however, that he does not believe a man of his age — he will be 64 next month — is too old to be president.

Harriman talked about the presidential nomination yesterday in answer to questions on the CBS television program Face the Nation.

After saying he has no obligation to support Stevenson, he said he and the 1952 Democratic candidate "understand each other fully."

Asked if he felt "morally bound" by what you have said in the past, Harriman replied:

"Not Morally Bound"

"No, not at all morally bound. I have said I was for Adlai but I never said I was going to support him at the convention."

Harriman, who bid for the presidential nomination at the 1952 convention, added, "It is not for me to say at this time whom I would support next year."

He said he hopes to be part of the New York convention delegation and "we'll decide together whom to support."

Harriman's claim that he is still free to choose his candidate came after a weekend visit from former President Truman. Like Harriman, Truman in the past had said he favored Stevenson, but at a news conference in Albany, N.Y., declared he was neutral.

Truman is "Neutral"

Upon arrival at the Waldorf-Astoria Hotel here yesterday, Truman reiterated:

"I made it clear up there (in Albany) that I am as neutral as a man could possibly be in my position. I said it in Albany and I'll say it now: I'm making no choice until the convention. I'll back the nominee."

In his Albany statement Truman had also said that Harriman has "all the qualifications" to make a good president. If he were a voter in New York State Truman said, he would be for Harriman.

When asked whom he would favor if he were a voter in Illinois, the home state of Stevenson, Truman replied:

"There are three or four good men in the state of Illinois. . . I don't think an outsider should go into a state and try to dictate a candidate."

## CHILD ACROBAT SCARES WOMEN

PHILADELPHIA (AP)—Several women at a West Philadelphia boarding home looked out their windows to the roof of a nearby four-story apartment building Friday night and screamed.

Bruce Wayne Boler, 3, was balancing himself on the rim of the roof, surveying the strange scenes of a new city. The tot came here a few days ago from Lake City, Fla., where he was born and raised on his maternal grandparents' farm.

The youngster was snatched away from the roof by Joseph Kehoe, 31, a resident of the apartment building Kehoe turned Bruce over to police. He was reunited with his distraught mother, Mrs. Pauline Boler, 22, who said the youngster disappeared after they went to take a nap together.

Mrs. Boler and her husband, Clarence, a sailor stationed here, brought Bruce to Philadelphia Wednesday. They live a few doors from the apartment building.

Mrs. Boler told police she had been searching for her adventure-some child for over two hours, ever since she awoke from her nap and found him gone.

Demand for black pepper among U. S. cooks and chefs pushed the imports of this popular spice to about 35½ million pounds in 1954.

## Faces Serious Operation

Marjorie Lee Elder, 12, plays with doll in Lewistown, Pa., before going to Philadelphia's Children's Hospital where she will undergo operation for removal of a birthmark on her brain. Without the operation, doctors say, she will die. With the operation her chances for survival are marginal. She is expected to lose vision in her left eye and her left arm and leg will be paralyzed. (AP Wirephoto)

## PARENTS FIND THEIR ANSWER "IN PRAYERS"

LEWISTOWN, Pa. (AP)—Faced with a decision that meant either death of paralysis for their 12-year-old daughter, Mr. and Mrs. Lee E. Elder believe they have found their answer in prayer.

Marjorie Lee Elder, eldest daughter of the Elders, will undergo a major brain operation at Philadelphia Children's Hospital within the next few days.

Mrs. Elder said she was told by physicians at the hospital that calcium was forming on a birthmark on the right side of Marjorie's brain and that the only way to save her life was through an operation which even if successful would paralyze parts of the girl's body.

"Her father and I prayed about it for a week and then we knew what we would have to do," Mrs. Elder said.

The Lewistown mother of two children Marjorie and Carol, 9, said physicians told her that if Marjorie did not undergo surgery she may die at anytime.

And even if the operation were performed, Mrs. Elder said, physicians explained the chances of survival were marginal and by the nature of the operation Marjorie would lose the vision of her left eye and suffer paralysis of her left arm and leg.

But Marjorie said:

"I'm not afraid. God will be with me. I just hope I get lots of cards."

I would like to make a scrap book of them but maybe no one will send me any."

Marjorie's illness was discovered at the Philadelphia hospital several years ago after she had suffered violent headaches and seizures resulting in temporary paralysis and blindness, Mrs. Elder said.

An operation was not advised at that time on the birthmark but since then, she added, calcium deposits have formed over the area.

The illness forced Marjorie to lose more than 70 days during some school terms. She is now in the seventh grade at Lewistown Junior High School.

Meanwhile, as the family prepared for the operation, residents of Lewistown organized a fund-raising campaign, headed by Dr. William Chamberlain, to assist the Elders, a family of modest means.

## Announce New Way To Shrink Painful Piles

Science Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne) - discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H. ## SCHOOL HEADS PREPARE NEW SALARY BOOST

HARRISBURG (AP)—Pennsylvania schoolteachers would receive a new \$200 a year salary boost—above the one they get through previous legislation—under a proposal being prepared by two Democratic senators.

Sens. Harry E. Seyler (York) and Jo Hays (Centre), both school administrators, said yesterday they are preparing an amendment to a Senate appropriation bill to provide for the additional boost.

They said they have not consulted other Senate Democrats on the matter but that they feel the higher pay is necessary to hold good teachers in Pennsylvania schools and to attract new and young talent.

Seyler is a York junior high school principal and Hays has been supervising principal of State College schools for several years.

Similar legislation to give teachers an additional boost in pay has been proposed by the Pennsylvania State Education Assn. It has been lodged in a House committee for many months without action.

Seyler said he doesn't believe the state can hold or attract teachers under the present pay scales.

"People Are Willing"

"I believe the people are willing to pay taxes to provide the money for good teachers," Hays added. They said they will suggest their amendment to a Republican appropriation bill that calls for 421 million dollars for school subsidies. That total is five millions under the administration requested and House passed public instruction appropriation also before the Senate. The Seyler-Hays change would make the GOP bill total 470 million.

## Last Flood Victim's Body Is Recovered

STROUDSBURG, Pa. (AP)—The last recovered body of 67 known dead in the August floods has been identified.

The victim has been identified as Christian T. Lawyer, 49, of Orange, N.J. He was a visitor at nearby Camp Davis, where 31 persons lost their lives when flood waters swept away all the camp buildings. The bodies of his wife, Helen, and their eight-year-old daughter, Carol, have not been recovered.

## Smog Keeps Juror From Court Duties

LOS ANGELES (AP)—A prospective juror was excused Friday because the Los Angeles smog was so bad.

"My eyes are smarting so badly from the smog that I can not function as a juror," George D. Staybold, 32, told Municipal Judge Byron J. Wallers.

"That is not legal grounds for being excused," said the judge. But his honor looked at the prosecutor and the defense attorney, expectantly, and they arose and agreed to excuse Staybold.

He left the courtroom, still dabbing at his eyes with a handkerchief.

## Washington Is College Team To Watch On West Coast With Navy, Notre Dame, Maryland

By ED CORRIGAN  
The Associated Press

The show is just starting, folks, but for most of the nation's college football teams it ended almost before it began.

Perhaps eight teams still were in the running for the mythical national championship today with the season only one third completed. This is the earliest mass exodus from contention in years.

For the likes of Army and UCLA, disappointment came early. Both were rated potential champions before the season started. But now they're in the back seat. UCLA still can win the Pacific Coast Conference title and play in the Rose Bowl, of course, but it is eliminated from consideration for the national crown because of its defeat by Maryland two weeks ago.

**Washington Is Tops**  
The big boy on the Coast right now is Washington, which has won four games without a defeat, including a stunning 7-0 conquest Saturday over Southern California — the club that was supposed to give UCLA a battle for the title.

The Huskies still must meet UCLA Nov. 12. That one could settle the Rose Bowl question. As for Army, the Cadets had to swallow a particularly bitter pill when they dropped a 26-2 decision to Michigan. Never before in the five meetings before the two schools had the Wolverines whipped the Cadets.

Furthermore, there was a strong suspicion that if Army was invited to a bowl game, it would follow Navy's lead and accept. The West Point brass had high hopes for this club. The most distressing fact, from the Army viewpoint, is that the team did everything to help Michigan by fumbling nine times.

**Others In Running**  
Ron Kramer, Michigan's top end, got bruised in the Army game and won't play against Northwestern this Saturday and he'll be missed. Luckily, Northwestern is about the weakest team on the remainder of the schedule for Michigan, rated as the outfit to beat in the Big Ten.

Besides Washington and Michigan, the teams still in the running for the national crown include Navy, Notre Dame, Oklahoma, Maryland, Duke and Georgia Tech. Navy and Notre Dame share one distinction. They are the only major teams in the land that haven't been scored on. The Middle — pending the clash against Army Nov. 26 — nailed down the Eastern title with their 21-0 victory over Pitt Saturday.

**Sooners Win 22nd**  
Notre Dame, of course, now is very much in contention. Its 14-0 victory over Miami — a team that had been pointing for the game for two seasons — proved that. And quarterback Paul Hornung can handle himself with the best.

**One School Title Decided; Conemaugh Streak Ends; Lower Merion Captures 17th**

HARRISBURG (AP)—Warren High School is 1955 champion of the Section II football conference today with the current schoolboy season just past the one-third point. Warren turned the trick by beating defending champion Meadville 32-0 over the weekend for its fifth straight league win and the title of the six-game conference.

Meanwhile races in five other major conferences reached the critical stage in a weekend which saw Conemaugh Twp. lose its first game in 17 starts and Lower Merion extend its all-winning streak to 17, the longest of any major schoolboy team in the state.

**Mount Carmel Wins**  
Mount Carmel, defending champion of the Eastern Conference, continued on the victory trail by whipping Kulpmont 27-0 to retain first place in the Southern Division. The Red Tornadoes, however, lost ground as their rating dropped 28 points to 750 while Minersville, which beat Nazareth 13-6 in a non-league game, boosted its percentage to .667, up 122 points from last week.

Mount Carmel, currently 4-0 on the season in league play and 5-0 for the year, has scored a total of 124 points while holding the opposition to seven.

In the Northern Division, Old Forge, one of the strongest teams in the circuit, jumped from fifth to second place in the ratings by trampling usually strong Dunmore 24-0. The win gave the Blue Devils a 4-0 season record, their 15th victory in succession and a rating of 590.

Wilkes-Barre Gap, however, clung tenaciously to the Northern

Oklahoma ran its winning streak to 22 games Saturday by downing Texas 20-0. The Sooners have left their toughest foes behind.

Maryland, No. 1 in the Associated Press poll, and Duke, the two behemoths of the Atlantic Coast Conference, don't meet. Both would like to get to the Orange Bowl New Year's Day, and if they both go undefeated, the conference will select the team by vote. Maryland probably would get the bid since Duke played there last Jan. 1.

**Terps Win Fourth**  
The Terps won their fourth straight by smothering Wake Forest 28-7, while Duke clubbed William and Mary 47-7. Maryland tangles with North Carolina this week. Duke has a toughie in Ohio State. The Buckeyes walloped Illinois 27-12.

Georgia Tech, the class of the Southeastern Conference, had its troubles eking out a 7-0 victory over Louisiana Tech. Its big test will come two weeks hence against Duke.

## Canners Lose First Laurel League Tilt At West York 6-0 As Defenses Sparkle

Biglerville High School's football team dropped its second straight 6-0 decision Saturday afternoon when it bowed to West York on the latter's field in a hard fought Laurel Conference game.

A 25-yard dash up the middle by John Bowman, Bulldog back, late in the second quarter produced the only score of the game. Bowman's plunge for the point failed when he was nailed behind the line by the Biglerville forward wall.

**Tight defensive work on the part of both squads featured the grueling game.**  
Bill Coradetti's Cannners staved off a Bulldog threat in the first period. Midway in the quarter Gooding punted to the Cannners and Neal recovered Bryant Roe's fumble of the wind-blown kick on the nine-yard line. With a brilliant display of defensive work, Biglerville held and took possession on the 2-yard stripe.

**Fumble Costly**  
The early part of the second period was marked by fumbles and three pass interceptions on the part of West York. A fumble, recovered by Bahn, West York guard, gave the Bulldogs the pigskin on their own 48 to ignite the lone touchdown drive.

John Bowman, the offensive star of the game, reeled off 18 yards to reach the Cannners' 34. A bad pass from center eluded the Bulldog backs and cost them 19 yards on the next play, putting the ball on the Bulldogs' 47. After a pass was

grounded, Bowman fired a pass to Enig which was good for 28 yards and put the ball on the Biglerville 25. Bowman then bolted through the center of the line to race into pay dirt.

Biglerville made its strongest bid for a score late in the third period after Don Hartzell, end, intercepted a pass and streaked 52 yards to reach the West York 9 where he was forced out of bounds. However, West York stiffened and took over at the 4.

Early in the final frame West York drove to the Biglerville 34 but was halted again on a bad pass from center. The Cannners fought back, picked up a pair of first downs, but were forced to yield the ball on downs and shortly afterwards the game ended.

Biglerville, now 2-2 for the campaign, takes on its arch rival, unbeaten Littlestown, in another conference game at Littlestown, Friday evening.

In the Central Penn. Williamsport took its second league victory with a 28-14 verdict over Reading. It was the fourth victory of the season for the defending Central Penn champs.

**Steelton Keeps Pace**  
Meanwhile, Steelton, Williamsport's strongest rival in the league, overturned a strong Allentown squad 13-7 in a non-league game. Steelton meets the Millionaires Nov. 24.

In the South Penn. Hanover is currently in top spot under the league's rating system.

Hanover ran its league victories to three without defeat by beating Hershey 7-0 which Carlisle, defending co-champion also won its third by dumping Waynesboro 30-7. Carlisle had previously beaten Hershey 21-0.

Lower Merion ran its all-winning streak to 17 by crushing Norris-town 38-0. So far this season, Lower Merion has scored 123 points in three games to 12 for its opponents.

## BALL PLAYER IS STABBED TO DEATH IN SOUTH

SAN ANTONIO, Tex. (AP)—Howie Fox, 34, who pitched for three major league baseball clubs, was stabbed to death after he ejected three young men from his tavern in the early morning hours yesterday.

Two college students and another man were booked by police charges were being prepared today.

Witnesses said Fox was stabbed three times in front of his tavern and died crawling toward the door. His bartender Hubert Callahan, 47, was critically slashed.

Booked for investigation of murder and assault to murder was John J. Strickland, 20, a San Antonio College student. Booked as material witnesses were Jack G. Allen, 21, also a student at the college, and Martin Belto, 27.

**Student Injured**  
Strickland had a severe cut over his right eye—caused, he told police, when he was struck by Fox with what looked to him like a miniature baseball bat.

The 6-foot-3, 195-pound hurler pitched for Cincinnati in 1944 through 1946 and again from 1948 through 1951. He was with the Philadelphia Phillies in 1962 and the Baltimore Orioles in 1964. The

## Undeclared Littlestown High Crushes Dallastown 30-12 To Keep Laurel Loop Lead

Littlestown High School's unbeaten football won its fourth straight victory Saturday afternoon by over-powering Dallastown on the latter's field 30-12 in a Laurel Conference affair.

The victory was the third straight in league competition for the hard-hitting Thunderbolts and marked their 11th straight over a two-year span.

Four touchdowns in the first half gave Coach Wil Gobrecht's clan a fool-proof lead and they were never in danger.

**Zulick Scores Twice**  
Jim Zulick, star Bolt back, scored the first pair of six-pointers for Littlestown. In the first quarter the countians drove from their own 33-yard stripe to Dallastown's 68 where Zulick broke away and streaked 32 yards for the tally.

Gene Miller intercepted a Dallastown pass on the home team's 28 to set the stage for the second Bolt score. Zulick finally going over from the 9.

Midway in the second period Don Sell recovered a Dallastown fumble on the Wildcats' 26. Several plays later Leonard Potter smashed over from the 1.

**Maitland Intercepts**  
The final first half score for Littlestown resulted when Tony Maitland ran 57 yards following an exchange of punts.

A blocked punt gave Dallastown its opening for a touchdown in the third quarter. Klinedinst blocked the Littlestown boot and Marshall recovered on the Bolt's 38. After a pass, March to Klinedinst, put the ball deep in Littlestown territory. Gohn cracked over from the 1.

**Long Pass Play**  
Each team tallied in the final quarter. Littlestown's TD came on an interception by Miller who snared March's pass on the Wildcats' 32 and vent all the way.

## Betty Jameson Wins \$5,000 Women's Open

RICHMOND, Calif. (AP)—Betty Jameson of San Antonio won the \$5,000 Richmond Women's Open golf tournament yesterday, posting a 71 for a 220 total in the 54-hole contest.

Mary Lena Faulk, who needed a par five on the 501-yard 18th hole to tie, shot her third stroke into a trap and finished second with a 221.

This tournament ended the season for the touring women. Patty Berg ended as top money winner with \$16,492.34 collected in 22 of the 28 tournaments. She also won the Var Trophy with a round average of 74.47. It was the first time any woman has won both the money and the trophy.

Louise Suggs won \$13,736.49 and had an average of 74.79. Fay Crocker won \$11,796.17 with a 75.76 average.

## Jr. Hi Gridders In League Game Here Tonight

Tonight at 7:30 o'clock the Gettysburg Junior High School football squad entertains Washington Township here in the opening South Penn Junior High football league game for both schools.

The contest was postponed from last Thursday due to inclement weather. The late starting hour was set in order to allow many fans to attend service club meetings earlier in the evening.

Last Thursday Shippensburg nipped Chambersburg 14-13 in a league game. Other members of the circuit include Hanover and Waynesboro.

## STRANAHAN WINS FIRST PRO GOLF TOURNEY

BALTIMORE (AP)—Frank Stranahan, who explained he became a professional golfer because it "means more" than playing as an amateur, clinched a \$3,000 check today to prove his point.

The 33-year-old straggly boy from Toledo, Ohio, picked up this little conquer yesterday as the victor's booty in the \$17,500 Eastern Open over Baltimore's municipal Mt. Pleasant course.

He couldn't have chosen a more dramatic spot for his initial victory as a pro after years of successful campaigning in the amateur ranks.

It was the last tournament on the 1955 trail mapped out by the Professional Golfers' Assn. and Frank didn't clinch it until he dropped his final putt in the 72-hole event.

That stroke gave him a 1-under-par 71 for the last round and 280 for the route, enabling him to finish one ahead of Art Wall Jr. of Pocono Manor, Pa.

**"It's Wonderful"**  
"Ah, it's wonderful," said Fran. Besides winning the world amateur four times and a flock of other amateur titles, he had actually beaten the pros in four open tournaments dating back to the 1945 Durham Open.

But he remained an amateur until a year ago, and this was his first successful bid for cash that went with a crown.

"Playing as a pro means more to me because I know I'm out there every day trying to beat the best there is," he said.

Ed Oliver, the veteran from Leamont, Ill., finished third with a 72-282 after lying one stroke off the pace going into the last 18. Fourth money went to Fred Hawkins of St. Andrews, Ill., who carded a 71-283.

Tied for fifth were Ted Kroll of Bethesda, Md., with 69-284 and Tommy Bolt, Chattanooga, Tenn., with 70-284.

## Bullets Display Terrific Power In Crushing Lions 46-6 In Pretzel Bowl Tilt

A power-laden Gettysburg College grid machine erased any doubts as to its class Saturday night in the Pretzel Bowl at Reading by completely routing Albright, 46-6.

It wasn't the amount of points the Bullets scored that caused Gettysburg enthusiasts to dream of an unbeaten season, but it was the manner in which they scored them. The varsity played less than half of the game, but the 25 minutes the Bullet starters operated they displayed hard-running, hard-shitting, sharp tackling and fine blocking.

Nearly 9,000 sat in disbelief as Gettysburg drove 78 yards in eight plays in 3:40 for its first score with Frank Gagliardi pitching out to Bruce Pieper who raced 15 around left end for the six-point-er. Dave Lichtenfeld place-kicked the extra point.

The next time the Bullets had possession it took eight plays to drive 66 yards for the score with Gagliardi sneaking over from the two after 10:15. Lichtenfeld's placement was perfect.

**Lebo Honored**  
On the second play of the second quarter Bob Lebo, who was named the outstanding Gettysburg griddy by the sportswriters and sportscasters covering the game, blocked a Tom Pollock punt, picked up the loose pigskin on the Lion 23 and raced over for the score in 0:32. Soltesz was wide on a placement attempt.

Lebo scored again, climaxing a 62-yard drive, in 5:38 of the second period as he dashed 14. Soltesz's placement attempt was again wide.

Floyd Rightmire, former Hanover High School star, tallied the only score for the home team as he crashed over from the one in 13:45 of the second quarter to climax a 54-yard drive. Rightmire's 40-yard jaunt was the big ground gainer on the drive.

**Eddie Sachs Wins Fifty-Lap Race**  
READING, Pa. (AP)—Eddie Sachs won the inaugural running of the 50-lap Tommy Hinnershitz Sweepstakes yesterday by edging the Reading auto driver for whom the race was named with a clocking of 23:01.58.

Behind Sachs, of Speedway City, Ind., and Hinnershitz, were Mike Magill, Haddonfield, N. J., Danny Kladis, Chicago, and Joe Barzda, New Brunswick, N. J.

Hinnershitz led for the first 30 laps of the Reading Fairgrounds feature but Sachs took over at that point to spoil the Reading driver's "day" in which he sought added points toward his fifth Eastern AAA championship.

Ralph (Tiger) Jones, seventh-ranking middleweight contender from Yonkers, N.Y., takes on Al Andrews, Superior, Wis., in the Wednesday night radio-TV bout out of the Duane Key Auditorium in Miami.

A couple of young middleweights with modest winning streaks and a zest for fighting, Ray Drake of New York and Tony Baldoni of Wilkes-Barre, Pa., collide in the TV-radio Friday fight at the War Memorial Auditorium in Syracuse, N.Y.

Cubage: House 21,400 ft.  
Garage 3,800 ft.  
Dimensions: 30' x 24'

Extending the entire length of the house, the living room is unusually well lighted and ventilated, for there are two windows in the front wall; two more directly opposite in the back all, and three more in the right wall. Another very attractive feature of the room is the large fireplace in the center of the left wall.

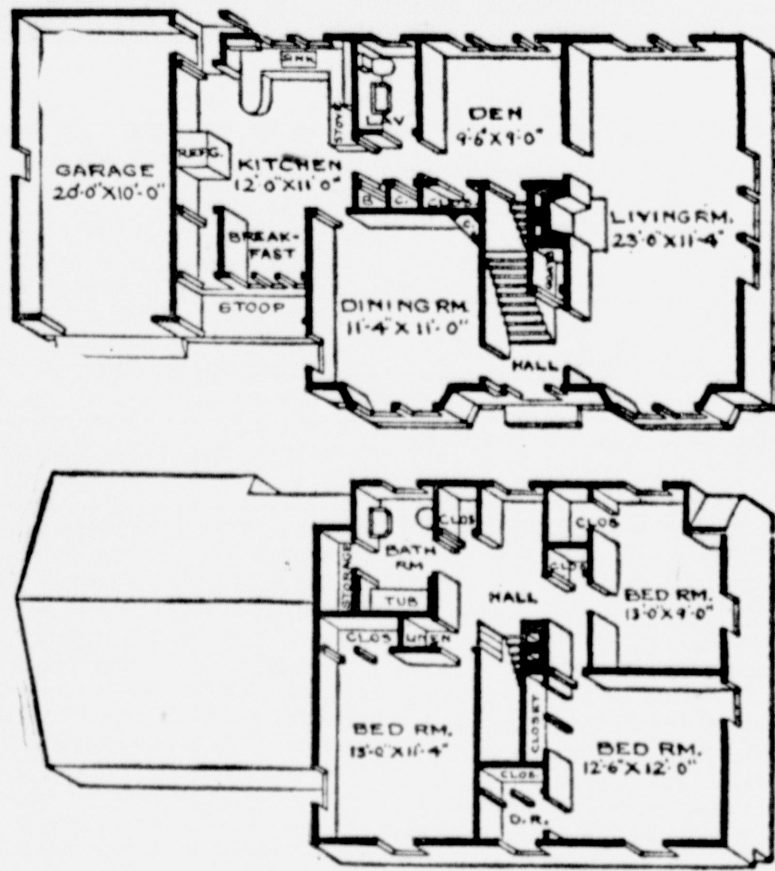

Even with these seven windows, two doors and the fireplace taking up such a large amount of wall space, there is still plenty of room for good furniture arrangement in this 23' x 11'4" living room. In the left wall a second door opens on a hallway leading to the den, lavatory and kitchen.

Just 9'6" x 9' in measurements, the den receives an abundance of light and good ventilation through the three windows in its back wall.

**Two-Windowed Bay**  
The two-windowed bay in the front wall and the single window in the left wall help to make the 11'4" x 11' dining room a pleasant, well-lighted room. Located in the right back corner of the room, the built-in china cabinet makes a convenient storage spot for china and glassware; have drawers built under the shelves and you'll have a conveniently located place for your clean table linen.

Opening directly off the dining room, the 12' x 11' kitchen is larger than that found in many modern homes; it is divided into a working area and an eating area.

Working counters, etc., are in an L-shaped array along the back and right walls of the room. The sink is located under the double windows in the back wall; the stove is located at the right end of the line of counters. Centered in the left wall, the

refrigerator is conveniently near to the stove and to the working counters.

**Protected Stoop**  
In the back wall there is a door leading to a small stoop connecting directly with the back yard. This small stoop also provides protection when you're going to or coming from the garage.

Located in the front section of the kitchen the breakfast nook is bright and cheerful; receives plenty of light through the paneled windows looking out on the front stoop. Another door in the front wall of this room leads to the stoop and to the front yard. If you so desire, you could have a door cut in the wall separating this front stoop and the garage to provide another protected entry way to your garage.

One window in the left wall provides ample light and ventilation for the 20'x10' garage. There is

plenty of room for overhead storage space as well as a small workbench if you care to have one installed.

Three good sized bedrooms and a bath take up most of the room on the second floor of "the Barrington," where there also is a wealth of generous sized storage closets. A central hallway connects all the rooms on the second floor.

**Large Closet**  
There is a large closet opening on the central hallway just before the door to the right back bedroom. This 13'x9'-room also has a large closet and is well lighted by a window in the back wall and another in the right wall; these windows, located as they are in adjoining walls, also guarantee cross ventilation for this room.

Designed to serve as the master bedroom, the right front bedroom is

## FAURE PRESSES HOME RULE IN NORTH AFRICA

PARIS (AP) — Premier Edgar Faure was under orders from the National Assembly today to push ahead rapidly with his Moroccan reform program. But there was no immediate indication of decisive new government action.

By a surprising 477-140 vote, the Assembly early yesterday approved Faure's plan for home rule in the violence-ridden North African protectorate. The debate before the vote made clear, however, that many of the deputies will be out for the Premier's scalp if he doesn't press on quickly with the promised reforms.

Such a withdrawal of support could come in the Assembly debate on Algeria, beginning tomorrow.

Only the initial step in the Premier's program — the retirement of Sultan Mohammed Ben Moulay Araf — has been carried out. The Assembly's resolution called for the immediate formation of the planned regency council to take over the Sultan's powers and then of a representative Moroccan government to negotiate for more power from France.

Formation of the regency has been stalled by the refusal of the French resident general, Gen. Pierre Boyer de Latour, to appoint Si Bekkal, former pasha of Sefrou, to it as the representative of ex-Sultan Mohammed Ben Youssef. Si Bekkal is bitterly opposed by French colonists in Morocco fighting any concessions to the nationalists. The nationalists say the ex-Sultan's representative must be named.

The colonists kept up their fight

12'6"x12' in dimensions. This room has an unusually long closet in the left wall which can be divided in two sections to better serve the storage needs of two people.

The dressing rooms also contains a closet. Well lighted and ventilated by one window, this dressing area makes it easier for two to share the master bedroom as it provides a space for one to dress or undress without disturbing the other, who may be resting or asleep.

**Lighting, Ventilation**  
One window in the right wall and another in the front wall of the master bedroom provide good lighting and cross ventilation. Another large storage closet opens off the connecting hallway just to the right of the door to the bathroom.

Containing a tub as well as a shower, the bathroom is lighted and ventilated by one window in the back wall. There is a large storage area in the left wall of the bathroom.

Located on the second floor of "The Barrington," the linen closet opens on the central hall just before the door to the left front bedroom. Measuring 13'x11'4", this room is large enough to be shared by two youngsters.

## Strike Of 3,000 Is Averted Sunday

PHILADELPHIA (AP) — A strike of some 3,000 production workers at SKF Industries, Inc., scheduled for midnight last night was averted late yesterday when members of Local 2893, CIO United Steel Workers, voted to accept a 7½ cent hourly increase.

The vote at a meeting of some 1,500 employees followed a 22-hour marathon negotiating session. The increase, which sets the minimum hourly wage at \$1.65½, becomes effective immediately.

The negotiations were based on a wage reopening clause in the contract which expires next year. SKF manufactures ball bearings and other steel products.

today with a 24-hour general strike to demonstrate their opposition. The stoppage was expected to be most effective in Casablanca, the big commercial capital of the protectorate.

**Attack Rebel Tribesmen**  
In the Rif Mountains of north-east Morocco, meanwhile, some 8,000 French and native troops fanned out in an attempt to encircle several hundred armed rebel tribesmen harassing French posts and roads in the pocket near the border with Spanish Morocco.

Hundreds of North African nationalists demonstrated yesterday in a number of cities in France. At Douai, near the Belgian frontier, police killed two North Africans and injured five others. At St. Etienne, a policeman was knifed when a crowd of 300 collected. There were other demonstrations — but no serious incidents — in Lyon, Lille and Metz.

Police raided the North African quarters in Paris and picked up 915 persons for questioning.

## CHILDREN MUST REPLENISH SALT IN HOT WEATHER

**The Associated Press**  
It's not the heat, it's the humidity. How many times every summer we hear this old gripe. Of course it's true, too. It is the humidity that makes hot weather so uncomfortable. The children are hot and cranky, mother is damp and irritable, and Dad come home wilted down and exhausted.

**Cools Body**  
In hot weather we all perspire. The hotter the weather the more sweat pours out on our skin. The sweat evaporates and the process of evaporation cools the body. This is nature's way of keeping the body temperature constant even when the weather is very hot.

If the climate is hot and dry (that is, the humidity is low) the sweat evaporates quickly — so quickly that you may not even feel damp. However, when the humidity is high the air is already so full of moisture that the sweat evaporates slowly. Your skin stays damp and you feel uncomfortable because your body isn't cooled by the evaporation of the sweat.

The hotter it is, the more you sweat. The sweating means you are losing water through your skin. Your body becomes dry on the inside and you have the urge to drink.

But sweat isn't just plain water. Sweat contains a lot of salt.

In hot weather the tired cranky feeling is due to the loss of salt from your body. If the humidity is high, you feel wet and sticky as well as irritable. If the climate is dry you're not sticky and wet with perspiration, but you get tired and listless just the same.

If you take extra salt you will feel better.

Just ordinary table salt will do. A teaspoonful of common salt three times a day with a full glass of

**WINTER COMFORT**  
— Note the collar and hunting jacket type pockets on this tweed coat designed for rugged winter weather, with alpaca lining for added warmth.

water will restore to your body both the fluid and salt you lose in perspiration.

It's a bit hard to swallow plain salt. It doesn't taste very good. The salt tablets on the market are made to taste better than plain salt. Also most of the salt tablets contain a mixture of salts more nearly like the body salts you lose in sweat.

How many salt tablets you need depends upon how hot it is.

If you take salt tablets yourself and give them to your children during very hot weather, you'll find you get through the very hot spells with much better family dispositions.

The Yale-Columbia rivalry marks the oldest in the history of the Ivy League. They first met in 1872 when the Elis conquered the Lions, 3-0.

## Carpenter Stirs Up Magnolia U. Memory

MAGNOLIA, Ark. (AP) — Carpenter Mack Burdine removed a door facing while remodeling a building at Southern State College — and found himself staring at a picture of his brother, John, showing him in a 1917 soldier's uniform.

John recalled giving the picture to a girl at Southern State — then Magnolia A. and M. — nearly 40 years ago when the building was a girls' dormitory. But neither one could figure how the photo got in the door.

# Dulles Will Address Legion Convention Then Fly West To Brief Ike On World Affairs

By JAMES DEVLIN  
 MIAMI, Fla. (AP)—Secretary of State John Foster Dulles is flying here today to make a major foreign policy speech at the opening session of the American Legion's 37th annual convention.

His address carried particular worldwide significance because of two imminent events.

1. Dulles will fly to Denver afterward to give President Eisenhower his first briefing on international affairs since his heart attack.

2. Subsequently he will go to Geneva for the Big Four foreign ministers talks starting Oct. 27.

A flurry of activity directed at two organizations accused by some Legionnaires of being "soft" toward communism preceded the convention opening.

Says FFR "Is Left Wing"  
 The Legion's National Executive Committee accepted without dissent a report accusing the Fund for the Republic of having "left-wing biases."

Also, members of the Americanism and Foreign Relations committees held a joint meeting—without immediate decision—on whether the Legion should take a similar approach toward UNESCO, the United Nations Educational, Scientific and Cultural Organization.

The Fund for the Republic was set up in 1952 by a 15-million-dollar grant from the Ford Foundation to protect civil liberties and to "restore respectability to individual freedom." The fund operates independently of the foundation.

UNESCO, with a membership of 74 nations, has as its stated aim the development of peace through education and understanding, and the promotion of respect for human rights.

Money—Reds  
 The report making the fund was drawn up by the Legion's publications commission, headed by James F. O'Neill of New York, publisher of the American Legion Magazine.

A summary of the report said the fund "has been spending its money largely on projects and individuals which have definite left-wing biases."

"Special attention," the summary said, "is given at some length (in the report) to the anti-Communist views and statements of Robert Maynard Hutchins, who, as president of the fund, accounts to a great extent for the biases evident in the expenditures of the fund."

It said the major thesis of Hutchins, former head of the University of Chicago, is that "the country is in the grip of anti-Communist hysteria and that this hysteria is a grave threat to civil liberties."

\$300,000 For Red Study  
 Hutchins, the summary continued, "has never at any time shown the slightest interest in, or concern over, Communist subversion."

In New York, a fund spokesman said the fund's record "speaks for itself."

The spokesman said the fund's largest single project is a \$300,000 study of "the activities and influence of the Communist party in all phases of American life."

He said another project recently financed by the fund was the publication of a bibliography of material dealing with communism and a digest of the public record concerning the Communist party in the United States.

The fund also is distributing \$50,000 in an Americanism program by the American Heritage Council in Illinois, in cooperation with the Illinois American Legion, the spokesman said.

LOS ANGELES (AP)—Jackie Ellen Deitch is assured of probably the most attention any child in the Deitch family has had in three generations. She's the first girl born in the family in the last 50 years. In that time there had been 19 boys. The parents are Theodore Deitch, 36, manufacturing executive, and his wife Betty, 26. They changed the name of their baby from the expected Jack to Jackie and are buying a new wardrobe for it. No one had even thought of buying pink.

## Driver Killed When Car Crashes Truck

LEWISBURG, Pa. (AP)—Horace Nephew, 38, of Lewisburg, was killed Friday night on Route 45 some 16 miles west of here when his car collided with a westbound tractor-trailer truck.

Milton State Police said Nephew died of a crushed chest and head injuries. James Snyder, Middleburg, the truck driver was treated at Lewisburg Community Hospital for lacerations.

The police said they are investigating the possibility a third car was involved in the crash but sped from the scene.

Nephew was returning to his home from a job as steamfitter on a construction project near Pittsburgh.

## BANK EMPLOYEE DIES

COATESVILLE, Pa. (AP)—A 48-year-old veteran employee of the Downingtown National Bank, who had been charged with making false entries totaling \$6,600, died in Coatesville Hospital Saturday.

Calvin G. Ay Jr., who was a teller at the bank for 24 years, had been under treatment for stomach ulcers.

## FORGETFUL LOCKSMITH

ATLANTA (AP)—A locksmith went to work early today so he could pick the lock on the door of his store. Loy Lee, who has been a locksmith 30 years, said he installed a fine old oak door and a 50-year-old lock on his store Saturday. But when he got home he discovered he'd left the keys to the lock inside the store.

## 638 Families Given Assistance By R. C.

PHILADELPHIA (AP)—The Southeastern Pennsylvania Chapter of the American Red Cross announced over the weekend that nearly a half million dollars in aid was distributed among 638 families who suffered damages in the August floods.

Most of the money was spent in Bucks County, hardest hit in the five county chapter area, according to Gilbert Rhoads, chairman of the chapter's disaster relief committee. The money is being spent on reconstruction and repair of homes and replacement of household items.

Nearly 7,000 homes were damaged and 262 totally destroyed in the area, Rhoads said.

## One Beer Caused All This Trouble

AMARILLO, Tex. (AP)—Gertrude French Calwile, 33, and her husband, affectionately known as "Junior," languished in county jail here today, as remorseful—said the jailers—as anybody you ever saw.

Junior wanted "Just one more beer" yesterday and Gertrude objected. But he entered the Little Wheel drive-in minus Gertrude's approval.

She drove their car through a storm door first in her attempt to stop Junior—but missed. So she made a circle, knocked down 12 feet of wall and drove 22 feet into the bathroom, scattering some 20 customers.

Still Junior hadn't put that bottle down. Gertrude jumped out of the car, grabbed a plank and began swinging it at Junior. She hit once, detaching him from the brown bottle.

## Two Fishermen Believed Drowned

HARRISBURG (AP)—Rescue crews continued their search today for two fishermen believed drowned when their boat overturned in the Susquehanna River.

Police identified the men as Thomas J. Hoffman, 45, of nearby Paxtang, and Oscar C. Bosner, 50, Hummelstown, and said they were apparently thrown from their boat yesterday below the Dock Street dam in Harrisburg.

Charles Anderson, city park policeman, said two other fishermen found a boat and motor in shallow water and informed police. Six hours of dragging the river yesterday failed to recover the bodies.

Identification was made through Hoffman's car which was found near the dam. Anderson theorized the men had approached the waters below the spillway, got caught in the whirling water and were thrown into the river when their boat capsized.

## POLICE SURGEON DIES

PHILADELPHIA (AP)—Dr. Hubley R. Owen, 72, a resident of Phoenixville and veteran Philadelphia police surgeon, died in Bryn Mawr Hospital Saturday. Dr. Owen also held the position of director of public health.

## 6 HURT WHEN CARS COLLIDE

TROY, Pa. (AP)—Two cars collided beneath an overpass on Rt. 14 near here last night, injuring six persons, two seriously.

Listed as in "very serious condition" at Robert Packer Hospital in Sayre were Kay Budman and Betty J. DeLong, both 19-year-old residents of Milton. A hospital spokesman said both incurred severe head injuries.

The other occupants of their car, Nancy Wilson, 19, also of Milton, and Jeannine Staib, 19, of West Columbia, identified by police as the driver, were reported in fairly good condition at Troy Community Hospital.

The occupants of the other car, William O. Vargason of Granville Summit, the driver, and Holden Ayres of Canton R.D., were treated and discharged from the Troy hospital.

Police said the men were on their way to work in Elmira, N.Y., and the girls were returning from visiting service friends at Sampson Air Force Base, N.Y. The girls were thrown from their car.

## Dulles Will Address Legion Convention Then Fly West To Brief Ike On World Affairs

By JAMES DEVLIN  
MIAMI, Fla. (P)—Secretary of State John Foster Dulles is flying here today to make a major foreign policy speech at the opening session of the American Legion's 37th annual convention.

His address carried particular worldwide significance because of two imminent events.

1. Dulles will fly to Denver afterward to give President Eisenhower his first briefing on international affairs since his heart attack.

2. Subsequently he will go to Geneva for the Big Four foreign ministers talks starting Oct. 27.

A flurry of activity directed at two organizations accused by some Legionnaires of being "soft" toward communism preceded the convention opening.

**Says FFR 'Is Left Wing'**  
The Legion's National Executive Committee accepted without dissent a report accusing the Fund for the Republic of having "left-wing biases."

Also, members of the Americanism and Foreign Relations committees held a joint meeting — without immediate decision — on whether the Legion should take a similar approach toward UNESCO, the United Nations Educational, Scientific and Cultural Organization.

The Fund for the Republic was set up in 1952 by a 15-million-dollar grant from the Ford Foundation to protect civil liberties and to "restore respectability to individual freedom." The fund operates independently of the foundation.

UNESCO, with a membership of 74 nations, has as its stated aim the development of peace through education and understanding, and the promotion of respect for human rights.

**Money Reds**  
The report attacking the fund was drawn up by the Legion's publications commission, headed by James F. O'Neill of New York, publisher of the American Legion Magazine.

A summary of the report said the fund "has been spending its

money largely on projects and individuals which have definite left-wing biases."

"Special attention," the summary said, "is given at some length (in the report) to the anti-Communist views and statements of Robert Maynard Hutchins who, as president of the fund, accounts to a great extent for the biases evident in the expenditures of the fund."

It said the major thesis of Hutchins, former head of the University of Chicago, is that "the country is in the grip of anti-Communist hysteria and that this hysteria is a grave threat to civil liberties."

**\$300,000 For Red Study**  
Hutchins, the summary continued, "has never at any time shown the slightest interest in, or concern over, Communist subversion."

In New York, a fund spokesman said the fund's record "speaks for itself."

The spokesman said the fund's largest single project is a \$300,000 study of "the activities and influence of the Communist party in all phases of American life."

He said another project recently financed by the fund was the publication of a bibliography of material dealing with communism and a digest of the public record concerning the Communist party in the United States.

The fund also is distributing \$50,000 in an Americanism program by the American Heritage Council in Illinois, in cooperation with the Illinois American Legion, the spokesman said.

LOS ANGELES (P)—Jackie Ellen Deitch is assured of probably the most attention any child in the Deitch family has had in three generations. She's the first girl born in the family in the last 50 years. In that time there have been 19 boys. The parents are Theodore Deitch, 36, manufacturing executive, and his wife Betty, 26. They changed the name of their baby from the expected Jack to Jackie and are buying a new wardrobe for it. No one had even thought of buying pink.

### Driver Killed When Car Crashes Truck

LEWISBURG, Pa. (P)—Horace Nephew, 38, of Lewisburg, was killed Friday night on Route 45 some 16 miles west of here when his car collided with a westbound tractor-trailer truck.

Milton State Police said Nephew died of a crushed chest and head injuries. James Snyder, Middleburg, the truck driver was treated at Lewisburg Community Hospital for lacerations.

The police said they are investigating the possibility a third car was involved in the crash but sped from the scene.

Nephew was returning to his home from a job as steamfitter on a construction project near Pittsburgh.

### BANK EMPLOYEE DIES

COATESVILLE, Pa. (P)—A 48-year-old veteran employee of the Downingtown National Bank, who had been charged with making false entries totalling \$6,600, died in Coatesville Hospital Saturday.

Calvin G. Ax Jr., who was a teller at the bank for 24 years, had been under treatment for stomach ulcers.

### FORGETFUL LOCKSMITH

ATLANTA (P)—A locksmith went to work early today so he could pick the lock on the door of his store. Loy Lee, who has been a locksmith 30 years, said he installed a fine old oak door and a 50-year-old lock on his store Saturday. But when he got home he discovered he'd left the keys to the lock inside the store.

### 638 Families Given Assistance By R. C.

PHILADELPHIA (P)—The Southeastern Pennsylvania Chapter of the American Red Cross announced over the weekend that nearly a half million dollars in aid was distributed among 638 families who suffered damages in the August floods.

Most of the money was spent in Bucks County, hardest hit in the five county chapter area, according to Gilbert Rhoads, chairman of the chapter's disaster relief committee. The money is being spent on reconstruction and repair of homes and replacement of household items.

Nearly 7,000 homes were damaged and 262 totally destroyed in the area, Rhoads said.

### One Beer Caused All This Trouble

AMARILLO, Tex. (P)—Gertrude French Carville, 33, and her husband, affectionately known as "Junior," languished in county jail here today, as "remorseful"—said the jailers—as anybody you ever saw.

Junior wanted "Just one more beer" yesterday and Gertrude objected. But he entered the Little Wheel drive-in minus Gertrude's approval.

She drove their car through a storm door first in her attempt to stop Junior—but missed. So she made a circle, knocked down 12 feet of wall and drove 22 feet into the barroom, scattering some 20 customers.

Still Junior hadn't put that bottle down. Gertrude jumped out of the car, grabbed a plank and began swinging it at Junior. She hit once, detaching him from the brown bottle.

### Two Fishermen Believed Drowned

HARRISBURG (P)—Rescue crews continued their search today for two fishermen believed drowned when their boat overturned in the Susquehanna River.

Police identified the men as Thomas J. Hoffman, 45, of nearby Paxtang, and Oscar C. Bosner, 50, Hummelstown, and said they were apparently thrown from their boat yesterday below the Dock Street dam in Harrisburg.

Charles Anderson, city park policeman, said two other fishermen found a boat and motor in shallow water and informed police. Six hours of dragging the river yesterday failed to recover the bodies.

Identification was made through Hoffman's car which was found near the dam. Anderson theorized the men had approached the waters below the spillway, got caught in the swirling water and were thrown into the river when their boat capsized.

**POLICE SURGEON DIES**  
PHILADELPHIA (P)—Dr. Hubley R. Owen, 72, a resident of Phoenixville and veteran Philadelphia police surgeon, died in Bryn Mawr Hospital Saturday. Dr. Owen also held the position of director of public health.

The occupants of the other car, William O. Vargason of Granville Summit, the driver, and Holden Ayres of Canton R.D., were treated and discharged from the Troy hospital.

Police said the men were on their way to work in Elmira, N.Y., and the girls were returning from visiting service friends at Sampson Air Force Base, N.Y. The girls were thrown from their car.

THE BARRINGTON ATTRACTIVE EARLY-AMERICAN DESIGN

Rooms Seven  
Bedrooms Three  
Closets Ten  
Cubage: House 21,400 ft.  
Garage 3,800 ft.  
Dimensions 30' x 24'

Extending the entire length of the house, the living room is unusually well lighted and ventilated, for there are two windows in the front wall; two more directly opposite in the back all, and three more in the right wall. Another very attractive feature of the room is the large fireplace in the center of the left wall.

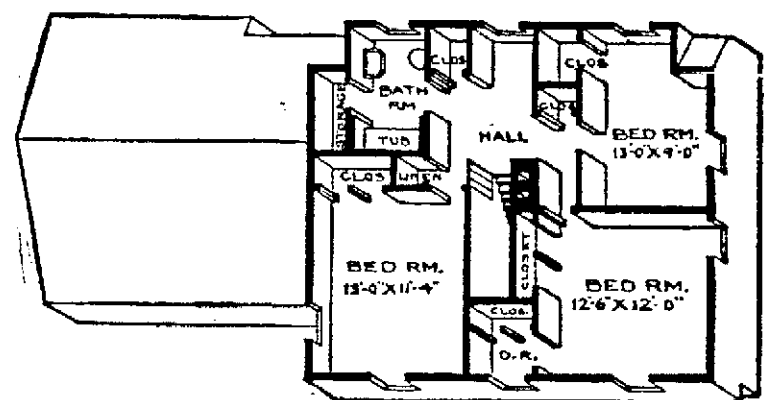

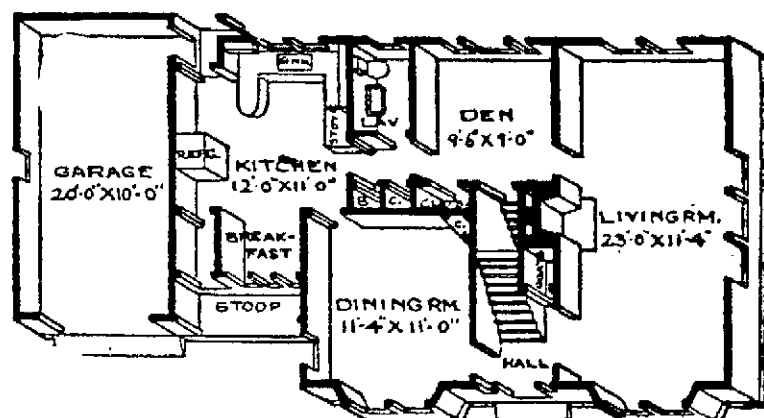

Even with these seven windows, two doors and the fireplace taking up such a large amount of wall space, there is still plenty of room for good furniture arrangement in this 23' x 11'4" living room. In the left wall a second door opens on a hallway leading to the den, lavatory and kitchen.

Just 9'6" x 9' in measurements, the den receives an abundance of light and good ventilation through the three windows in its back wall.

**Two-Windowed Bay**  
The two-windowed bay in the front wall and the single window in the left wall help to make the 11'4" x 11' dining room a pleasant, well-lighted room. Located in the right back corner of the room, the built-in china cabinet makes a convenient storage spot for china and glassware; have drawers built under the shelves and you'll have a conveniently located place for your clean table linen.

Opening directly off the dining room, the 12' x 11' kitchen is larger than that found in many modern homes; it is divided into a working area and an eating area.

Working counters, etc., are in an L-shaped array along the back and right walls of the room. The sink is located under the double windows in the back wall; the stove is located at the right end of the line of counters. Centered in the left wall, the

refrigerator is conveniently near to the stove and to the working counters.

### Protected Stoop

In the back wall there is a door leading to a small stoop connecting directly with the back yard. This small stoop also provides protection when you're going to or coming from the garage.

Located in the front section of the kitchen the breakfast nook is bright and cheerful; receives plenty of light through the paneled windows looking out on the front stoop. Another door in the front wall of this room leads to the stoop and to the front yard. If you so desire, you could have a door out in the wall separating this front stoop and the garage to provide another protected entry way to your garage.

One window in the left wall provides ample light and ventilation for the 20'x10' garage. There is

plenty of room for overhead storage space as well as for a small workbench if you care to have one installed.

Three good sized bedrooms and a bath take up most of the room on the second floor of "the Barrington," where there also is a wealth of generous sized storage closets. A central hallway connects all the rooms on the second floor.

### Large Closet

There is a large closet opening on the central hallway just before the door to the right back bedroom. This 13'x9'-room also has a large closet and is well lighted by a window in the back wall and another in the right wall; these windows, located as they are in adjoining walls, also guarantee cross ventilation for this room.

Designed to serve as the master bedroom, the right front bedroom is

## FAURE PRESSES HOME RULE IN NORTH AFRICA

PARIS (AP) — Premier Edgar Faure was under orders from the National Assembly today to push ahead rapidly with his Moroccan reform program. But there was no immediate indication of decisive new government action.

By a surprising 477-140 vote, the Assembly early yesterday approved Faure's plan for home rule in the violence-ridden North African protectorate. The debate before the vote made clear, however, that many of the deputies will be out for the Premier's scalp if he doesn't press on quickly with the promised reforms.

Such a withdrawal of support could come in the Assembly debate on Algeria, beginning tomorrow.

Only the initial step in the Premier's program — the retirement of Sultan Mohammed Ben Moulay Araf — has been carried out. The Assembly's resolution called for the immediate formation of the planned regency council to take over the Sultan's powers and then of a representative Moroccan government to negotiate for more power from France.

Formation of the regency has been stalled by the refusal of the French resident general, Gen. Pierre Boyer de Latour, to appoint St. Bekkal, former pasha of Sefrou, to it as the representative of ex-Sultan Mohammed Ben Youssef. St. Bekkal is bitterly opposed by French colonists in Morocco fighting any concessions to the nationalists. The nationalists say the ex-Sultan's representative must be named.

The colonists kept up their fight

12'6"x12' in dimensions. This room has an unusually long closet in the left wall which can be divided in two sections to better serve the storage needs of two people.

The dressing rooms also contains a closet. Well lighted and ventilated by one window, this dressing area makes it easier for two to share the master bedroom as it provides a space for one to dress or undress without disturbing the other, who may be resting or asleep.

### Lighting, Ventilation

One window in the right wall and another in the front wall of the master bedroom provide good lighting and cross ventilation. Another large storage closet opens off the connecting hallway just to the right of the door to the bathroom.

Containing a tub as well as a shower, the bathroom is lighted and ventilated by one window in the back wall. There is a large storage area in the left wall of the bathroom.

Located on the second floor of "The Barrington," the linen closet opens on the central hall just before the door to the left front bedroom. Measuring 13'x11'4", this room is large enough to be shared by two youngsters.

## Strike Of 3,000 Is Averted Sunday

PHILADELPHIA (AP) — A strike of some 3,000 production workers at SKF Industries, Inc., scheduled for midnight last night was averted late yesterday when members of Local 2893, CIO United Steel Workers, voted to accept a 7½ cent hourly increase.

The voice vote at a meeting of some 1,500 employees followed a 22-hour marathon negotiating session. The increase, which sets the minimum hourly wage at \$1.65½, becomes effective immediately.

The negotiations were based on a wage reopening clause in the contract which expires next year. SKF manufactures ball bearings and other steel products.

today with a 24-hour general strike to demonstrate their opposition. The stoppage was expected to be most effective in Casablanca, the big commercial capital of the protectorate.

**Attack Rebel Tribesmen**  
In the Rif Mountains of north-east Morocco, meanwhile, some 8,000 French and native troops fanned out in an attempt to encircle several hundred armed rebel tribesmen harassing French posts and roads in the pocket near the border with Spanish Morocco.

Hundreds of North African nationalists demonstrated yesterday in a number of cities in France. At Douai, near the Belgian frontier, police killed two North Africans and injured five others. At St. Etienne, a policeman was knifed when a crowd of 300 collected. There were other demonstrations — but no serious incidents — in Lyon, Lille and Metz.

Police raided the North African quarters in Paris and picked up 915 persons for questioning.

## CHILDREN MUST REPLENISH SALT IN HOT WEATHER

**The Associated Press**  
It's not the heat, it's the humidity. How many times every summer we hear this old gripe. Of course it's true, too. It is the humidity that makes hot weather so uncomfortable. The children are hot and cranky, mother is damp and irritable, and Dad come home wilted down and exhausted.

**Cools Body**  
In hot weather we all perspire. The hotter the weather the more sweat pours out on our skin. The sweat evaporates and the process of evaporation cools the body. This is nature's way of keeping the body temperature constant even when the weather is very hot.

If the climate is hot and dry (that is, the humidity is low) the sweat evaporates quickly — so quickly that you may not even feel damp. However, when the humidity is high the air is already so full of moisture that the sweat evaporates slowly. Your skin stays damp and you feel uncomfortable because your body isn't cooled by the evaporation of the sweat.

The hotter it is, the more you sweat. The sweating means you are losing water through your skin. Your body becomes dry on the inside and you have the urge to drink.

But sweat isn't just plain water. Sweat contains a lot of salt.

In hot weather the tired cranky feeling is due to the loss of salt from your body. If the humidity is high, you feel wet and sticky as well as irritable. If the climate is dry you're not sticky and wet with perspiration, but you get tired and listless just the same.

If you take extra salt you will feel better.

Just ordinary table salt will do. A teaspoonful of common salt three times a day with a full glass of

**WINTER COMFORT**  
— Note the collar and hunting jacket type pockets on this tweed coat designed for rugged winter weather, with alpaca lining for added warmth.

water will restore to your body both the fluid and salt you lose in perspiration.

It's a bit hard to swallow plain salt. It doesn't taste very good. The salt tablets on the market are made to taste better than plain salt. Also most of the salt tablets contain a mixture of salts more nearly like the body salts you lose in sweat.

How many salt tablets you need depends upon how hot it is.

If you take salt tablets yourself and give them to your children during very hot weather, you'll find you get through the very hot spells with much better family dispositions.

The Yale-Columbia rivalry marks the oldest in the history of the Ivy League. They first met in 1872 when the Elis conquered the Lions, 3-0.

## Carpenter Stirs Up Magnolia U. Memory

MAGNOLIA, Ark. (AP) — Carpenter Mack Burdine removed a door facing while remodeling a building at Southern State College — and found himself staring at a picture of his brother, John, showing him in a 1917 soldier's uniform.

John recalled seeing the picture to a girl at Southern State — then Magnolia A. and M. — nearly 40 years ago when the building was a girls' dormitory. But neither one could figure how the photo got in the door.

## MAJOR PARTIES CHECK TEMPER IN FARM BELT

By DON WHITEHEAD

WASHINGTON (AP)—Democratic and Republican scouts are prowling the farm belt these October days checking the political temper of the farmers and then trying to project their readings into the 1956 presidential year in terms of votes.

No one yet has found a fool-proof method of discovering how the farmers will vote. Nor can one say confidently that farmers will vote as a bloc any more than druggists, electricians, fishermen and golfers. But the guessing game goes on and there is no vote which is studied, analyzed, watched, wooed and feared more by politicians than the farm vote.

At the present time, messages from the farm belt are reported to be encouraging to the Democrats because farmers are not happy about farm prices and their own economic position in relation to the industrial worker. The Republicans are concerned because a discontented farm belt could mean trouble at the polls.

### Living Better Now

One GOP scout, recently returned from a trip through the farm country, brought back this story: "I went back to my home and visited my brother on the farm where I was raised. When I was a kid, mother baked her own bread. We milked our own cows. We canned fruit and all kinds of garden truck. We had fresh eggs and fresh butter and there were frying chickens running all around the place. We didn't have the modern conveniences, but we lived well."

### "Sore About Prices"

"My brother gets his bread and butter from the store. He buys milk and eggs and frying chickens and canned food from the supermarket in town. He says it's cheaper that way. And maybe it

## Petroleum Industry Plans Expansion

PHILADELPHIA (AP)—The petroleum industry will spend nearly 150 million dollars this year for expansion and modernization of its facilities in the Delaware River Valley area, an oil spokesman has announced.

Millard H. Jackson Jr., chairman of the Philadelphia Oil Industry Information Committee, said the new 100 million dollar refinery at Delaware City, Del., will increase the valley's refining capacity by 130,000 barrels of crude oil.

"He's living better than he ever lived before—far better than we did as kids. He's even got power steering on his tractor."

"But he's sore because prices aren't what he thinks they should be. He says Ezra Benson (Secretary of Agriculture) keeps telling farmers they have to expect a leveling off—but that nobody is saying the same thing to the industrial worker. And he doesn't like it."

The farm problem is vastly more complex than outlined in this capsule picture, of course, but it is a part of the whole.

There are about five million farmers in the country today. With their wives and children of voting age they probably total more than 12 millions. And how they vote is tremendously important.

Three years ago presidential candidates Adlai Stevenson, Democrat, and Dwight Eisenhower, Republican, pleaded their cases before 100,000 farm folk gathered in the open fields near Kasson, Minn. The throng listened to their speeches, standing almost silent, giving no hint of favoritism for either man. You felt as though here was a giant jury gathered to pass judgment on the two parties.

The bulk of the farm vote went to Eisenhower. But the farm jury must judge again in a few more months. And the politicians are trying to find out whether the verdict will be the same.

## MAN HURT BY CRUDE BOMB

NEW YORK (AP)—A crude, homemade bomb exploded in a Broadway movie house last night, injuring one man slightly.

Police said the bomb, fashioned from a three-inch length of pipe with the works of a cheap watch for a timing device, is believed to be the handiwork of "the same maniac" who has left similar bombs in other public places recently.

Eight months ago four persons were injured when one of the bombs exploded in Radio City Music Hall. Others exploded without injuring anyone in Grand Central Terminal, the Port of New York Authority bus terminal and Pennsylvania Station.

William Jones, 37, who was bruised on the foot by a bolt that flew from the bomb, declined medical attention. The bomb had been inserted into a slit in the upholstery of a seat near Jones. That seat was unoccupied when the bomb went off.

## Suspect Denies Killing Woman

PHILADELPHIA (AP)—Frank J. Ellsworth, 36-year-old ex-convict, who arrived in custody by plane from Memphis, Tenn., yesterday, has denied any knowledge of the hotel murder of Mrs. Lulubel Hagar Rossman, a wealthy widow.

Ellsworth, who is charged with murder, robbery and conspiracy, is the second arrested in the brutal slaying last July.

Detectives said the only statement Ellsworth made was an admission that he was acquainted with Raymond Wilson, 33, who is being held in Moyamensing Prison here.

Wilson and Ellsworth, a burly 200-pound six-footer, were first arrested in Las Vegas, Nev., where they were seen flashing an \$87,000 bankroll.

Police said the serial numbers of the bills found on the pair were close to those found on bills in Mrs. Rossman's safe deposit box.

The oil industry along the river from Trenton, N.J., down to Delaware, has an annual payroll of more than 160 million dollars and employs some 37,000 persons, Jackson said. The valley, he added, produces ten billion gallons of oil annually and is ranked second among the refinery centers of the nation.

Three American scientists and two Japanese have been awarded fellowships at the Weizmann Institute of Science in Israel during 1955-56.

# MAJOR PARTIES CHECK TEMPER IN FARM BELT

By DON WHITEHEAD

WASHINGTON (AP)—Democratic and Republican squalls are prowling the farm belt these October days checking the political temper of the farmers and then trying to project their readings into the 1956 presidential year in terms of votes.

No one yet has found a fool-proof method of discovering how the farmers will vote. Nor can one say confidently that farmers will vote as a bloc any more than druggists, electricians, fishermen and golfers. But the guessing game goes on and there is no vote which is studied, analyzed, watched, wooed and feared more by politicians than the farm vote.

At the present time, messages from the farm belt are reported to be encouraging to the Democrats because farmers are not happy about farm prices and their own economic position in relation to the industrial worker. The Republicans are concerned because a discontented farm belt could mean trouble at the polls.

**Living Better Now**  
One GOP scout, recently returned from a trip through the farm country, brought back this story: "I went back to my home and visited my brother on the farm where I was raised. When I was a kid, mother baked her own bread. We milked our own cows. We canned fruit and all kinds of garden truck. We had fresh eggs and fresh butter and there were frying chickens running all around the place. We didn't have the modern conveniences, but we lived well."

**"Sore About Prices"**  
"My brother gets his bread and butter from the store. He buys milk and eggs and frying chickens and canned food from the supermarket in town. He says it's cheaper that way. And maybe it

# Petroleum Industry Plans Expansion

PHILADELPHIA (AP)—The petroleum industry will spend nearly 150 million dollars this year for expansion and modernization of its facilities in the Delaware River Valley area, an oil spokesman has announced.

Millard H. Jackson Jr., chairman of the Philadelphia Oil Industry Information Committee, said the new 100 million dollar refinery at Delaware City, Del., will increase the valley's refining capacity by 130,000 barrels of crude oil.

is. I don't know. "He's living better than he ever lived before—far better than we did as kids. He's even got power steering on his tractor."

"But he's sore because prices aren't what he thinks they should be. He says Ezra Benson (Secretary of Agriculture) keeps telling farmers they have to expect a leveling off—but that nobody is saying the same thing to the industrial worker. And he doesn't like it."

The farm problem is vastly more complex than outlined in this capsule picture, of course, but it is a part of the whole.

There are about five million farmers in the country today. With their wives and children of voting age they probably total more than 12 millions. And how they vote is tremendously important.

**Farmers For Ike**  
Three years ago presidential candidates Adlai Stevenson, Democrat, and Dwight Eisenhower, Republican, pleaded their cases before 100,000 farm folk gathered in the open fields near Kasson, Minn. The throng listened to their speeches, standing almost silent, giving no hint of favoritism for either man. You felt as though here was a giant jury gathered to pass judgment on the two parties.

The bulk of the farm vote went to Eisenhower. But the farm jury must judge again in a few more months. And the politicians are trying to find out whether the verdict will be the same.

# MAN HURT BY CRUDE BOMB

NEW YORK (AP)—A crude, home-made bomb exploded in a Broadway movie house last night, injuring one man slightly.

Police said the bomb, fashioned from a three-inch length of pipe with the works of a cheap watch for a timing device, is believed to be the handwork of "the same maniac" who has left similar bombs in other public places recently.

Eight months ago four persons were injured when one of these bombs exploded in Radio City Music Hall. Others exploded without injuring anyone in Grand Central Terminal, the Port of New York Authority bus terminal and Pennsylvania Station.

William Jones, 37, who was bruised on the foot by a bolt that flew from the bomb, declined medical attention. The bomb had been inserted into a slit in the upholstery of a seat near Jones. That seat was unoccupied when the bomb went off.

# Suspect Denies Killing Woman

PHILADELPHIA (AP)—Frank J. Ellsworth, 36-year-old ex-convict, who arrived in custody by plane from Memphis, Tenn., yesterday, has denied any knowledge of the hotel murder of Mrs. Lulu Bell Hagar Rossman, a wealthy widow.

Ellsworth, who is charged with murder, robbery and conspiracy, is the second arrested in the brutal slaying last July.

Detectives said the only statement Ellsworth made was an admission that he was acquainted with Raymond Wilson, 33, who is being held in Moyamensing Prison here.

Wilson and Ellsworth, a burly 200-pound six-foot-two, were first arrested in Las Vegas, Nev., where they were seen flashing an \$87,000 bankroll.

Police said the serial numbers of the bills found on the pair were close to those found on bills in Mrs. Rossman's safe deposit box.

The oil industry along the river from Trenton, N.J., down to Delaware, has an annual payroll of more than 160 million dollars and employs some 37,000 persons, Jackson said. The valley, he added, produces ten billion gallons of oil annually and is ranked second among the refinery centers of the nation.

Three American scientists and two Japanese have been awarded fellowships at the Weizmann Institute of Science in Israel during 1955-56.

## BROWNS LUCKY TO HAVE OTTO GRAHAM AGAIN

By NICK ELLENA  
The Associated Press

The champion Cleveland Browns, who are finding it tough going in the National Football League this season, can be mighty thankful for their powers of persuasion that enticed Otto Graham out of retirement for another year.

Graham, who had planned to retire this year after leading the Browns to nine straight division titles, sparked an 87-yard touchdown march in the final minutes yesterday to defeat Philadelphia's tattered Eagles 21-17.

The victory gave Cleveland a 2-1 record and raised them to a four-way tie for first place in the Eastern Division with Washington, Pittsburgh and the surprising Chicago Cardinals.

Rams, Colts Tied  
In a radical shift of the balance of power in the Western Division, Los Angeles shares the lead with the frisky Baltimore Colts by virtue of a 17-10 decision over the winless Detroit Lions. The defending Western titlist now occupy the cellar with the Chicago Bears.

Baltimore defeated Green Bay's Packers 24-20 Saturday night and, like the Rams, sports a spotless 3-0 record.

In yesterday's other action, the Pittsburgh Steelers handed the disappointing New York Giants their third straight defeat 30-23; the San Francisco 49ers scored a 20-19 triumph over the Bears; and the Cardinals hung a 24-10 defeat on the Redskins, their first.

Graham Saves Game  
With the Browns trailing 17-14 on their own 13-yard line and 4 minutes and 13 seconds left, Graham gambled on a fourth-down pass and hit end Dante Lavelli for 14 yards. A 36-yard run by Otto, a 2-yard pincushion and his 5-yard scoring pass to Lavelli gave the Browns the winning touchdown. Graham also accounted for the other Cleveland touchdowns, scoring one and passing for the other.

In a desperate bid for a tie, the Giants recovered a Steelers fumble in the waning minutes but could not score. After trailing 17-16, quarterback Jimmy Finks pulled the Steelers ahead in the last quarter by means of two 51-yard pass completions that set up two touchdowns.

Giant quarterback Chuck Conerly lofted two touchdown passes, one for 71 yards to Kyle Rote, the agile Rote also took a 25-yard pass from Frank Gifford for another Giant touchdown.

## FIVE HOCKEY CLUBS ARE TIED

With the season only two days old, there was but one undefeated team in the American Hockey League today, although five clubs were tied for first place.

Pittsburgh, idle last night, shows a clean slate with one victory. Hershey, which lost to Providence in the opener Saturday night, is the only team which hasn't scored a point.

In last night's two games, Buffalo whipped Springfield 3-2, Cleveland turned back the Rhode Island Reds 3-1.

That left Providence, Pittsburgh, Cleveland, Springfield and Buffalo all tied for the top with two points. Ken Hayden scored at 7:30 of the final period to break a 2-2 tie and give Buffalo its victory over Springfield.

The Reds went ahead, 2-1, in the second period against Cleveland, but the Barons quickly came back on goals by Dan Poliziani and Joe Lund to stay ahead for good.

## State Golfers Win Cash In Tournament

BALTIMORE (AP)—Scores of Pennsylvania money winners and their earnings in the Eastern Open Golf Tournament won yesterday by Frank Stranahan with a 72-hole total of 280, good for \$3,000: Art Wall Jr., Honesdale, 281, \$1,900; John Weitzel, Hershey, and Henry Williams, Fleetwood, each 289, and earnings of \$365; Arnold Palmer, Latrobe, George Fazio, Philadelphia, and Mike Souckas, Berwick, each 291 for \$252.50; Charles Sifford, Philadelphia, 292, \$177.50; Sam Penecale, Glenview, 294, \$120.

## Bullets

(Continued from Page 5)

The final period but play was called back and the Bullets were penalized for offside.

Late in the game Heverly passed to Brandt for an apparent score but ball was called back and Gettysburg was penalized five for backfield illegally in motion.

Promoted by the Reading Shriners, the game had many side attractions. During halftime an airplane parachuted pretzels, some of which contained bonds, to the field and hundreds of children and students swarmed over the field to pick them up. After passes at the field, the plane apparently departed and the second half of the game was started. Before the third play could get underway, the plane made another pass at the field and the youngsters warmed out on the field once more. The officials held the game up nearly five minutes before play could resume.

Locals Get Trophy  
Coach Johnny Yovicic was presented with a large silver trophy which went to the winning team, Roy Dragon, Albright quarterback, and Gettysburg's Pieper both received gold footballs as the outstanding players of their respective squads. All types of prizes and awards were given out at halftime to spectators.

In one of the sternest tests of the season, Gettysburg will play host to the Lehigh University eleven as a feature of Dad's Weekend Saturday afternoon at 2 o'clock. Lehigh has defeated Delaware 7-0 and Bucknell 27-20.
